We have GSM 7 Centers now but this year 2024 we will open more centers

My Job as GSM director is to visit all these centers and teach Samaritan faith and train them, but when I am not visiting centers I do counseling at GSM Zindiro center while I am waiting GSM office to be built at our new land Muyumbu. Please pray for the funds.

- Zindiro Center
- Kacyiru Center
- Kabeza Center
- Gikoma Center
- Kabalore Center
- Rugarama Center

We are hereby grateful for the continued support we got in 2023, many needs were met and many still hanging on. Those that were accomplished Our kindergarten got a few more kids with a total of now 86 kids, we added on one more room and enlarged the small ones and also got two small rooms one for storage and an administrative office we got on.

We managed to help families with the basic materials, As a school we lost a parent to a heart attack he died leaving as a young widow with two little kids It was so hard and still so hard for the poor kids and their mothers who depended on her husband, we have a big number of single parents with lots of emotional wounds and stories. The sewing students managed to get them through 10 months of training and counseling and teaching them the word of God with hope and many left changed and on fire for the Lord. We sent them away with the sewing machine to help them as we know that even after those days with us they still couldn't be able to get a sewing machine for themselves. We give God the glory

We are extremely grateful for the invaluable support you have provided us. Thanks to your assistance, we have achieved great things and impacted many lives. Specifically, we were able to provide food for the children of Late Dickson, and even send three girls to school.

Personal & Relationship Update - I am doing well, and my eyesight has improved greatly with the consistent use of eye drops. My family is also doing well, and we had a great end to the year 2023. Once again, thank you so much to GSM for all of the spiritual and practical help you have given us.

What is happening at your church?

There is Revival for the gospel going on at church especially in young, we're doing outreach evangelism in the street, and the church is growing more many people understand the true gospel of Christ in Universities and house-to-house evangelism and the holy spirit is ministering into the people through deliverance and healing is taking place below are pictures.

Financial Prayer Requests. What specific needs do you have? We want to be able to share these with others.

I have a need of \$300 for the payment of my house rent at this time due to high inflation the standard of living is getting high here. I need your support for house rent payment at least and I trust God that one day this problem will be settled of all.

Anything else you would like us to know?

We need counseling training as I have reported in previous reports as I mentioned in the first paragraphs about the National Comprehensive Meeting for Child Education and the effect of the Internet world to their growth. Upon sharing the experiences, I have in counseling I asked if there are any recommendations on issues affecting young age from age 10 to 24 years. My recommendation as counselors in every school was to take in consideration that's why as GSM we need this training very urgently.

We want to thank so much GSM which buys these handcrafts products that are made by the widows, it helped them so much to help their families

gathered together and helped one of us Ruth Kabagwira. We gave her food as she was facing a hard situation.

we would like to appreciate all GSM staff for feeding.

God has done good to Annociata, She is among the widows we have been counseling for, praying and supporting for her to get rent, Now God answered her prayers one family gave her a plot where she can build a house to stay in. Another person allowed her to build a house for free but she needed support to buy materials like bricks, Iron sheets, doors, windows, and timbers and It cost \$500.

We thank GSM, for sending this money to build a house for Annoiciata. But we are now in a rainy season here, which makes it challenging to make bricks, but in mid-February, we normally have no rain, We will be able to make the bricks that will be used to build the house.

We thank GSM so much for supporting Umuhoza Francine by paying her health insurance, you Now she is a widow and has six kids as you can see in this picture, even she is still facing a problem paying school fees for her kids she needs support for the kids to go to school

RUGARAMA GSM CENTER HEADED BY PASTOR KARANGWA

DID THE FOLLOWING ACTIVITIES:

1. As Good Samaritans, they did compassionate activities to the Highly Vulnerable families (Poor Families).
2. With the help of Good Samaritans Head Office, we provide three goats to three vulnerable widows.
3. We continue making different art craft products.

First of all praise the Lord who gives us the ability and good health for doing different compassionate activities and we continue to thank Good Samaritan Head Office and Rugarama Good Samaritan members for all activities supporting different activities such as:

- paid two teachers in our school;
- providing small livestock for three vulnerable widows;
- Assisting us with different meetings and training
- Providing facilitation to the Director of Good Samaritan Rugarama Center
- providing Christmas support for better celebrating to the Good Samaritan Rugarama Members

ACTIVITIES OFFERED

1. Praise report, counseling story, or other story of healing:

Praise God for his mercies and grace for us, we had several counseling seasons and we prayed for healing over 24 of our clients got healed and I have another 8 who reconciled with their family members 2 divorced couples joined back together others were still taking them into process of reconciliation and healing, praise be to God for miracles and wonders and praise the Lord for the financial support for my house rent payment, Christmas gifts we share with members in groups of widows and kids plus the few families who had unstable situation that helped a lot and brought meaningful happiness and joy of charismas every one of us.

2. Personal & Relationship Prayer Requests:

End of last year and the beginning of 2024 I prayed for my spiritual life and understanding knowledge in counseling to grow strong and impact many for the kingdom's sake and again prayers for financial stability and my source of income to increase because the inflation is high the price of living is getting tough stand with me and I happened to participate in nation comprehensive meeting for children education after the meeting I found out that our young generation need more counselors especial into schools and indeed it was in our meeting recommends I believe God hear and answer prayers.

3. What is happening at your school? How many volunteers/teachers?

We have three teachers and no volunteers this time due to a hard time with the financial crisis.

Our memory book program is progressing well having a good time with a few kids and sharing the joyful moments at our nursery school during the Christmas season below is picture
