Director's Letter

As we look back at 2023, we found so many people worth saving. The hearts and lives that showed up at the door this past year have reminded us how very important Good Samaritan Ministries is to our communities.

We are in the most confusing time in history, we are losing the battle for our children and the nuclear family. People are not getting married, married people do not want children, children are not sure of their own gender, boys want to be girls, and girls want to be boys. Parents are afraid of children; children are left to video games, pornography, and hours on their computers.

Children have forgotten how to play, use their imagination, and be children, and the sex trafficking of children is the most lucrative growing industry in the country, with the USA leading the way. We don't want to look or think about it. We want to stay positive and read our bibles and think that there is nothing we can do about it.

There has been a surge in people seeking help for thoughts of suicide, hopelessness, and people seeking some sort of direction for their lives. Parents are struggling with children's education issues, rebellion, drugs, and mental health; while children are experiencing higher levels of isolation, child abuse, and struggling with school bullying and social media issues.

GSM is confronting these issues every day in our offices, we come, and we care as desperate families cry out for help. This is where we find healing for our souls, this is a place where people care when everything falls apart.

The reach of Good Samaritan Ministries (GSM) is truly amazing. As our annual reports came in we realized the work that has gone out into the world and has changed the lives of the most broken-hearted people we can identify. Our schools are stellar; the best education in the country is being offered in GSM schools. Many are turned to Christ, and they turn around and become the next generation to lay down their lives.

The dedication of people in this ministry is unparalleled to most ministries. We do not have big dollars, most of the ministries are operated by volunteers who lay down their lives for their fellow man. Satellite leaders and contributors give all that others might live. We give hope and truth and help others realize that the ways of the Kingdom of God are good. That they are loved, wanted, and needed.

We must never lose sight of our calling and the foundations on which we are built. Where we found our hope, how the Lord called us, changed us (still changing us), and the many miraculous ways people found their way to our doors. We are the Samaritan Inn and the hope of many.

This year we are going to be focused on **Restoring Foundations.**

TERESA STROUP MSW, LCSW
INTERNATIONAL EXECUTIVE DIRECTOR

International Travel Report

GSM is represented in 26 countries around the world. Each year, we prayerfully consider which countries the Lord would have us visit to offer encouragement, training, and support. It is often difficult to decide because every country has its unique circumstances that cry for attention.

In 2023, we were fortunate to be able to send a team to three GSM countries. Teresa Stroup, Cindy Womack, Terry Womack, David Naseer Bhatti, Laura Fribbs, and Lorna Schilling made up the team that visited Egypt, Madagascar, and South Africa. Tanzania's National Director David Ngunga and his wife, Mercy, joined us in Madagascar. Irma Wasserman met the team in South Africa as the Satellite leader for that country.

David Naseer Bhatti is the International Field Director for all of GSM. As such, he travels with Teresa and teams from the HQ. David wrote a very detailed report of our travels, and I will include quotes from his report throughout. He introduces our journey with these comments:

"Our team traveled to Africa with the purposes of meeting, encouraging, equipping our leaders, and developing our ministry partnership and relationship with our members in these countries. To clarify, we did not go to Africa on a kind of rescue mission, but to work with our fellow GSM brothers and sisters to mutually build up one another according to the various gifts each of us has been given. There is so much that each member of our team has been blessed by that it is truly a challenge to summarize. We are so glad in light of all that God had done in and through us, and will forever be grateful for the priceless relationships we were able to form." David Naseer Bhatti

"The first part of our trip was to visit GSM Egypt. We arrived in Egypt on 11th June for a ten-day tour at the request of GSM Egypt. The purpose of our visit was to reconnect with the members and leadership, review the Counselling program, and provide further counseling/leadership training to GSM Egypt." David Naseer Bhatti

EGYPT

We spent the first part of our time in Egypt at their HQ in the Shoubra District of Cairo, where Cindy gave a seminar on suicide intervention, and Teresa taught about the effects of domestic violence. Teresa also presented counselor training to Christian leaders at a Coptic Church in Cairo.

From there we traveled to Alexandria on the Mediterranean coast where Cindy presented counselor training on trauma-related recovery.

International Travel Report

We also had time to rest and play while in Egypt. In the Cairo area we were able to tour the great pyramids, the sphinx, and a new historical museum. We went sailing one evening on the Nile with the Ministry staff. Our blessed hosts also took us to a Christian retreat center on the Mediterranean Sea and then to a home of one of their Samaritan leaders on the coast where we were able to play in the ocean, eat fantastic food, dance, sing and enjoy each other's company.

“On June 17 we conducted counseling training seminars at CT First Baptist Church NT Alexandria by the Mediterranean Sea where 190 trainees were registered for counseling training seminars. Students were from different churches, social workers, teachers, and counselors. Many of them were so eager to learn and grateful for the teachings that they normally do not receive, God used our international directors Teresa Stroup and Cindy Womack wonderfully.

Besides this we spent time at the GSM office with staff, meeting with the leadership. Teresa, Cindy, and I interviewed young trainee director, Sarah Milag Adly. She is single, a university graduate, and well-trained in Christian education. She has experience in children's ministry and youth counselor since 2014. Teresa assigned her to study the Healing Miracle of Jesus Christ. I have never seen Moushir and Evette so happy and grateful.” David Naseer Bhatti

Moushir is making a transition to teach and train in many Arab nations as he hands the local directorship to Sarah. He has a significant following online and will be expanding that and traveling to other Arab countries to train. He also has a vision to develop a Christian Counselors' Association for all of Egypt that will give counselors ethical guidelines and a place to find continuing education and accountability.

MADAGASCAR

This was the first time for US members to visit Madagascar. Malanto and Rova trained in the US and returned to their home to begin GSM work in 2019. They presented at the International Conference in Uganda in 2022, but it was truly amazing to see in person what they are accomplishing in their country! Dedicated members of GSM from several churches in the Antananarivo area give sacrificially to provide food, medical care, clothing, and education to orphans, homeless, and needy individuals.

International Travel Report

“On the 22nd of June, our team went to Madagascar, while Mrs. Mercy and David Ngunga from GSM Tanzania joined us in Madagascar to stay with the international team for ten days to learn and train. GSM Madagascar board members came to welcome us at Ravinia International Airport in the city of Antananarivo (Tana). We were brought to Au Mirandav Hotel owned by Jaona (John) and Emma, GSM board members. The next day at the morning session we were shown a video on life in Madagascar, culture the origins of people, church planting, climate change, street food, health, and safety.

In the afternoon we were invited to GSM Director Malanto Rabary and her husband Papa Lanto Randrianarivo’s beautiful house. All key leaders were invited there. GSM Madagascar members introduced themselves and their role in ministry. They shared the current activities of the ministry in Madagascar. GSM Madagascar is doing great work through partnerships with the churches and local community organizations. After prayer and worship International Executive Director Teresa Stroup and International Program Development Director Cindy Womack along with the team officially launched GSM Madagascar.” David Naseer Bhatti.

Lorna Schilling, who with her parents, housed Malanto and Rova while in the US, was designated as the new Madagascar Satellite Leader.

While in Tana, we visited orphanages, churches that serve the homeless, a medical center, and a home for people with disabilities. In all of these places, GSMM is serving by providing food and supplies, medical expertise, teaching, training, and encouragement.

While in Tana, we visited orphanages, churches that serve the homeless, a medical center, and a home for people with disabilities. In all of these places, GSMM is serving by providing food and supplies, medical expertise, teaching, training, and encouragement.

Our hosts arranged for us to visit historical sites in Tana and the countryside of their magnificent island. We experienced the beauty of Madagascar and got to see giant crocodiles and the beautiful and mysterious Lemurs that are native to Madagascar.

GSM IS IN GOOD HANDS

S. AFRICA BY IRMA WASSERMAN, S AFRICA SATELLITE LEADER

Good Samaritan Ministries was registered as a legal entity once again in 2021 and named Kuhle Mosamaria Ministries with Sandy Lange as National Director. Sandy oversees three centers, one in KwaZulu-Natal, and two in Pretoria, Soshanguve, and Mamelodi.

International Travel Report

Teresa, Cindy, Terry, David, Laura, Lorna, and I visited all three centers in South Africa from July 2nd to July 9th. After landing at Oliver Tambo International Airport in Johannesburg, we took a domestic flight to Durban in KwaZulu-Natal. Sandy met us at King Shaka airport and drove the group to Trafalgar, a two-hour drive to our destination.

SOSHANGUVE LEARNING CENTER

Elizabeth and her three helpers received us in a large room with a stage that they use for church gatherings. Knowledge, his wife Tumisang, and their daughter Minenhle (2) joined us at Soshanguve. We were introduced to a group of kids of varying ages between one and six.

They sang and danced for us as they wiggled their little bodies to the beat of music played by a CD player. Some of the little girls wore brightly colored knitted skirts that Elizabeth made for them. An older group of girls also sang for us, and they looked to be of older elementary age.

Elizabeth has 36 students in total although not all of them were present during our visit. She has three helpers, Esther, Christina, and Khoza, to teach and assist with the kids. The students enjoy a full day of care every day of the week. They receive breakfast and lunch at school, which Elizabeth prepares in the kitchen for them. We were surprised to learn that there is no fridge or wash basin in the kitchen. They have an open fire for cooking and a bowl on the counter for washing dishes.

Cindy led all the adults in acting out the parable of the Good Samaritan and it ended in a beautiful time of prayer and healing over Knowledge, Godfrey, Elizabeth and her helpers.

MAMELODI LEARNING CENTER

Knowledge, Tumisang, and Minenhle met us halfway and led the way into Mamelodi and to their home where they met with groups of students and widows. We were struck by the festivities set up for us and learned that helpers Esther and Melda, who are sisters, spend hours late into the night setting up white and green-covered tables and chairs underneath a white canopy. The table was decorated with gold-colored dishes and lovely glassware. This was set up in a courtyard in front of their house. Under a small gazebo to the side, sat a group of young boys eagerly awaiting our arrival.

Soon after our arrival, the group of adult helpers started to sing and dance for us accompanied by Knowledge and Tumisang. The singing and dancing were contagious and soon Laura and Lorna were dancing with Rose, Melda, Esther, and Knowledge. We were treated to a warm and festive welcome and settled down as Teresa and Cindy started to minister to the group of boys under the gazebo.

International Travel Report

MAMELODI LEARNING CENTER (CONT.)

We took turns introducing ourselves to the group and David led the kids with a story to illustrate Jesus as the Light of the world. I can still see the nightingale, a high school student acting out the mama bird flapping her arms as she flew away from the nest to look for food.

And her chicks, acted out by a couple of small boys, were trying to cry. David said cry and cry they did. Then came a firefly, the only light in the dark to help the mama bird find her way back to the nest, for she had lost her way in the dark. What a wonderful story and way to remember this important message.

After lunch, Cindy led the whole group in acting out the parable of the Good Samaritan and it was fun with such a large group. Now we had multiple players for each character. I was a robber along with a small band of boys who just made me smile the whole time. Knowledge and another acted as the travelers and the kids were so engaged, that toilet paper was stuck to Knowledge's head and went around his arm in their eagerness to help the wounded traveler. It was just amazing to hear from everyone what they experienced in their character and the thoughts of the kids and adults. Once again, acting out the story of the Good Samaritan is such a superior way of learning the basics of our ministry.

Knowledge and Tumisang work both full-time and help after hours and over the weekends as people gather at their homes. Knowledge helps 26 kids with their homework after he gets home from work and keeps them engaged to stay safe and off the streets. He and Tumisang welcome the widows and currently have 15 families (a total of 50 people) that gather at their home for food and fellowship every week.

Tumisang finished her certification in early childhood education and has the desire to open a nursery school at home. Both have a deep desire to take care of children and widows. There is a widow and her daughter who are immigrants from Malawi and are not welcome in the community. They take refuge in Knowledge and Tumisang's place of gathering. It is a home filled with joy and warmth for all who seek shelter and are drawn to the Light that shines in the darkness of the streets in Mamelodi.

I am so thankful for the opportunity to visit GSM SA alongside the group and experience the joy we witnessed at all three centers, some surrounded by poverty and darkness. We serve a mighty God who cares for us, and nothing can stop us as we draw close to Him, listen for His voice, and keep moving forward according to His plan and purpose for us.

SOUTH KOREA

Teresa, Cindy, and Laura traveled next to S. Korea where they met with Nick and Diana Ward and their children. Terry, Lorna, and David returned to their homes and Irma stayed in S. Africa to spend time with her mother.

The GSM team in S. Korea stayed together in a lovely traditional Korean home for several days and were able to visit Korean Food for the Hungry International which was instrumental in helping fund agricultural and water projects with GSM in Uranga, Kenya.

We met at a large church where we boarded a bus to a remote retreat center to attend a conference called Empower Korea. This conference was hosted by three large denominations and focused on “unity in diversity”, bringing together S. Korean and global Christians. We heard powerful testimonies from individuals and couples who have given their lives in significant ways to serve N. Koreans. We learned much about Korean culture, attitudes, and challenges with reunification with N. Koreans. This was in no way a political conference, but it was designed to help all to see the humanity of the “people” of N. Korea and learn how we can contribute to reaching out to them.

It was a very long and rewarding journey to four countries where we were blessed by the rich spirits of those who hosted us and those we met along the way.

Our GSM team members want to say **thank you** to all who supported us with your prayers and finances that kept us safe and made the journey possible. A special thanks to **Sabrina Metternich** who worked long hours with a beautiful attitude making all of our travel arrangements and seeing that we made every flight (which were many!). Thank you Sabrina for your sacrificial commitment that kept us on track.

INTERNATIONAL PROGRAM DEVELOPMENT DIRECTOR

Programs Report

GSM HQ in Beaverton continues to offer opportunities for growth and development to anyone who seeks. We strive to provide safe, confidential, and enjoyable fellowship groups, therapy groups, Bible study classes, and training for aspiring counselors. Special events throughout the year help to keep people engaged in God's Kingdom through service to the local community and

Bible Teacher Training

Bible Teacher training is offered every other month throughout the year to prepare students to become effective Bible teachers. It alternates between New and Old Testament studies each year. Founder, Bettie Mitchell had a unique way of teaching the Bible that she passed on to many of her students through experiential training. In this class, students learn how to balance the content of their teaching with the timing of delivery and relationship with the audience. Various leaders in the ministry provide this training to those who come.

Old and New Testament Bible Class

The first ten weeks of the year on Wednesday evenings students from the Bible Teacher Training class use their skills and anointing to present unique perspectives on assigned books of the Bible. In 2023 teaching focused on the New Testament.

Annual Meeting

In February each year, the International Board of Directors hosts the annual meeting for GSM members to hear a report on the worldwide activities of the Ministry. The Board provides a meal for those in physical attendance, and Teresa Stroup gives the annual "State of the Ministry" report. Anybody involved in GSM is welcome to attend and vote on new International Board candidates in person or via Zoom.

Good Friday Service

Good Friday Service has been a tradition at GSM beginning in 1978 at the home of Founder, Bettie Mitchell. Good Friday is the day that GSM marks the end of our year and the beginning of our next year. We spend three hours together, representing the hours of Christ on the cross, with each hour having a specific meaning. The first hour is a time of holy music and quieting of the soul to receive. The second hour is a time of deep healing with a message given by the Holy Spirit through key speakers. The third hour is a time for participants to minister to one another in prayer with anointing oil. Communion is served and the shofar is blown to usher in the new year.

Spring Intensive Training

The GSM Headquarters hosted a spring intensive training April 21-23. The first day of Spring Intensive is set aside for US Center Directors and Satellite Directors to gather to share and support each other in the challenges of their work. Beginning on Friday evening, training is open to the general public. Speakers included Teresa Stoup, International Executive Director; Moses Mbona, International Board Member; Gordon Grose, GSM counselor and supervisor; Deeanna Wallace, GSM Counselor and Center Director; Nancy Reed, Author; Vonda Winkle, GSM consultant; and Cindy Womack, International Program Development Director. This training was offered in person and via Zoom and recorded.

International Day of Prayer and Fasting | June 4 - 5

Prayer is the substance of all things GSM! Prayer is the creative force behind every good thing that is accomplished in this ministry throughout the world. We set aside one official 24-hour period of time each year that all Samaritans around the world join in prayer and fasting. In Beaverton, we gather at the headquarters for five hours on Sunday morning to pray and many nations join us via Zoom. We break the time of fasting with communion together at noon. This one day is only representative of the many hours of prayer and fasting that occur around the world to invite the Kingdom of God into our lives.

Anger Management & Domestic Violence

Anger management is a 16-week group (Even though many have been in it for more than 3 years). It is facilitated by Teresa Stroup weekly from 5:30 – 7:00 pm. Teresa began offering a second class on Tuesday mornings this year. This last year we held *49 groups, and 72 people attended throughout the year*. We cover many topics including, family systems, marriage, conflict resolution, parenting, domestic violence, power and control, love and respect, and a host of other topics that arise throughout the year.

The Mourning After Grief Support Group

A grief recovery group is offered by our GSM Chaplain, Patrick Stroup. Patrick has been a pastor for over 25 years and a chaplain with Hospice for many years. He currently works as a professional for Hospice in the Beaverton area. Groups are offered to a limited number of people for 8-10 weeks one or two times each year in person only.

Life-Giving Group

Wednesday mornings continue to be a time of fellowship and support for individuals attending the Life-Giving group. Spontaneous teaching by Teresa Stroup and Laura Fribbs arises out of the sharing and questions of group members. This group is open to all and is offered only in person.

Men's Group

Bettie Mitchell facilitated a group for many years exclusively for men to help them connect, have a safe place to share their life challenges and experience the healing grace of Jesus Christ. Lance Hallberg facilitated this meeting for men both in person and via Zoom on Wednesday evenings.

DBT - Dialectical Behavior Therapy

Dialectical Behavioral Therapy (DBT) was taught via Zoom every Thursday at both 10:00 AM and 6:00 PM in 2023 except Thanksgiving. The instructor is Rich Mann a former school teacher and graduate of the GSM Counselor Training program. People from all walks of life have been attending. GSM counselors, GSM counseling clients, court-ordered people, people without insurance, doctors, nurses, retirees, unemployed, etc... have taken the class. Participants heard of DBT through word of mouth, GSM counselors, social service agencies, and other unknown ways. Students from Canada, Africa, and the Portland Metro Area DBT average attendance has grown from approximately 23 to 34 per week.

Programs Report

DBT is a ministry. It is an excellent opportunity to help anybody with learning the skills to deal with emotions on both a short-term and long-term basis. It also provides skills for how to effectively communicate with people both verbally and nonverbally. Rich constantly refers to the use of these skills as methods to love our neighbor as ourselves. Both Christians and non-Christians take the class. Rich creates a non-judgmental, safe atmosphere for students to grow. Rich is weekly asked questions by students seeking answers to painful situations in their lives. He can work in the trenches with these students incorporating the hope of Jesus with DBT skills. Rich sometimes will ask to pray for a specific situation with a student in the middle of class. It is of interest to note that DBT is an expensive class to take through any other agency, and due to the dedication of Rich, we can offer it on a donation basis at GSM. DBT operates through rotating two-month-long classes, they are:

- Interpersonal Effectiveness
- Emotion Regulation
- Distress Tolerance

Healing Miracles & Parables Studies

Elsa Jane Weislogel has been leading the Healing Miracles class for many years and we are grateful for her dedication. The Healing Miracles class is instrumental in the development of Good Samaritan counselors, and each Level I trainee is required to attend. This class is offered once a month on Monday evening and is part of the Level I Fieldworker Training class. The class is open to all and is offered in person as well as via Zoom.

Elsa Jane also leads Bible training of parables and Bible stories once a month on Thursdays as part of the Level II/III Counselor training classes. It is also open to anyone who wants to attend. These classes give students a profound experience of studying Jesus as a counselor, teacher, and human being. It is foundational to the GSM Counselor Training Program.

Fall Intensive Training

This year the fall intensive training was hosted by our Tri-Cities (Richland), Washington, GSM Center. Attendees from Oregon, Washington, and Idaho spent two days together sharing the work of GSM in their local regions and then hearing teaching on domestic violence from Teresa Stroup, and Trauma Counseling from Cindy Womack. Vonda Winkle shared significant testimony concerning her traumatic surgical experience and subsequent healing. Catherine Allen, Center Director for the Richland Center, gave teaching on taking care of ourselves as caregivers. She referenced the book, "From Burned Out to Beloved" by Bethany Dearborn Hiser.

Egypt Satellite Christmas Party

It has been a long-standing tradition for the Egypt Satellite to host an annual chili feed fundraiser to support GSM work in Egypt. Since it is held in mid-December, this is also our GSM Christmas party. Rinda LeSage led the Egypt satellite and coordinated with Dorothea Schultz and David and Nan Williams to provide a meal and give a significant presentation on the work in Egypt. Their presentation included a video from Moushir Fares, the National Director of our work in Egypt.

Programs Report

The 2023 Treasure Sale was held for the benefit of The Friends of Kenya.

Last year Friends of Kenya agreed to use the Treasure Sale proceeds to support the International Conference in Uganda. This year the Treasure Sale returned to support the work in Kenya. So, during the initial phase of planning the sale for 2023, we were blessed to again have the hosting venue Beaverton Christian Church. The guiding committee was enormously generous, again, with donated items of knitted and quilted items. We were in awe of their amazing support throughout the sale.

Sadly, as the event was taking shape, our leader Vonda, was sidelined with a serious health issue. The rest of FOK stepped forward. Arabelle Cash was foremost in the volunteer crew, faithfully appearing consistently to sort, clean, and price the multitude of donated treasures. Then working exceedingly beyond during the hours of the sale. Matthew Craig, Veronica, and Ari Bloomfield donated their off hours with amazing skill and expertise in public relations and electronic media. Making one superb video and Facebook lives during the two-day sale. Laura, Jenny, and Michelle, we're so supportive in donating numerous of Bettie's treasures and spreading the word. We were blessed by the support of many young people who had never been a part of GSM but heard of a need and responded with great heart.

Our volunteers came through with amazing food for the two-day event, hosting the break room with style and feeding the volunteers with loving care. The volunteers who worked tirelessly before, during, and after, made the Treasure Sale a huge success, and shall for the most part, remain nameless, as that is the Samaritan way.

God knows and sees all who came forward and paid the second price. We privately called our Treasure Sale 'For Vonda' as she was the 'heart' of our endeavor in 2023. **The Treasure Sale 2023 was a great success.**

Annual Banquet

The Portland Golf Club lent an elegant atmosphere for the GSM Annual Banquet fundraiser. Funds raised at this event are dedicated to the operating expenses of the Beaverton Headquarters. We encourage and bless all that is given to GSM throughout the year, but much of that money is designated to specific countries or projects. When people designate funds, 100% of that money goes to the country and/or project requested by the donor. We take no administrative fees off of those donations. Therefore, we have to raise funds separately to pay for the operating expenses of all of the services provided through the Beaverton HQ by a very small staff and many volunteers. The facility and staff in Beaverton provide a place and means to coordinate groups, classes, individual counseling, and numerous events both locally and worldwide.

Fundraising Gala Raises Over \$100K

On September 30, 2023, GSM's annual **fundraising gala, themed "Something Worth Saving,"** exceeded all expectations. The event, held at the **Portland Golf Club**, saw over 170 guests in attendance and was a night filled with glitz, glamour, and generosity. Not only was it a celebration of faith and community it was also a reminder that each individual is a **treasure in God's eyes.**

The gala's fundraising goal was an ambitious \$100,000, and the event surpassed that by a significant margin, making it GSM's biggest fundraiser to date. The donations received from the event will go towards supporting the General Fund, which is a vital component of the organization's mission. The funds raised will help support GSM, its clients, staff, and ministry growth/development.

The night featured a **silent auction**, which was a first for the organization. Using an online auction platform, **guests enjoyed bidding on a variety of fabulous items**, generating lots of excitement and buzz. One of the highlights of the night was the Harambee auction, which saw a beautiful piece of art auctioned off. Guests also enjoyed a video displaying our *Little Shepherd Craft Night* in August, which involved over 30 kids, decorating over 200 tiny, wooden treasure chests with bright paint and glitter that served as the place setting for the event. The chests contained **little mirrors**, reminding each guest that **they were the true treasures.**

The hospitality and food provided by the **Portland Golf Club** team were impeccable, making the night even more memorable. With such a successful event, the organization has announced that the 2024 Fundraising Gala will once again be held at the Portland Golf Club on **Saturday, September 28, 2024.**

We were thrilled to reconnect with fellow Good Samaritans, Trudi Hanks, and our inspiring emcee for the night, Jan Brehm. Their connection and call to action were greatly appreciated. The night was filled with several moving testimonies, an abundance of silent auction items, and numerous generous matching donations.

This year's Gala was unprecedented, and we can honestly say that everything was in God's hands. As we know, GSM's work has always been about the kingdom, and this event was a testament to the power of teamwork, Good Samaritans, and generous hearts. When we come together, not only will the Lord's blessings be upon us, HIS results will prevail, and they will be GRAND!

Family Camp Fun

"As someone who had never been part of a GSM Family Camp before, I felt incredibly honored to facilitate this year's event, which we hold annually. Our theme for October's Family Camp was 'Something Worth Saving', and it turned out to be a truly unforgettable experience!

It was heartwarming to see **families come together** and **embrace their differences**, recognizing the importance of **saving their family unit**. Through the intense weekend of Family Therapy Camp, participants were given a safe space to work through their traumas and toxic patterns, resulting in **stronger bonds** with their loved ones and with God.

This year was all about emotions, as we wanted to acknowledge that even **"Jesus wept"**. Each family left the camp with an art project that represented the beauty of processing one's feelings within the safety of the family unit. **Children learned that it's okay to have emotions**, and with the support of trained Good Samaritans, they witnessed adults being encouraged and healed as they too processed their emotions."

ARI BLOOMFIELD

"Family Camp was amazing!"

"It was full of opportunities to grow individually and as a family. My greatest takeaway was being stern with my boys and removing the emotion from saying no and meaning no regardless of their feelings."

FAVORITE FAMILY CAMP MOMENT

"At family camp, there are a lot of fun activities to do like zip-line, archery, tie-dye, and skits. Archery was my favorite. There were mostly recurve bows but there was one compound bow that was the heaviest bow because it was metal and weighed 30 pounds, but recurve bows weighed 20. I got to use the compound twice. it was hard at first but I got the hang of it. Next time I go I hope I hit a bullseye. That's why I love family camp" ~ **JONAH, 9**

Front Desk Report

2023 was another incredible year for Good Samaritan Ministries. I have continued to enjoy my time at the front desk, and it has been a blessing to collaborate with our wonderful group of volunteers, counselors, and clients.

GSM prioritizes the support of our communities in Oregon and Washington by continuing to accept new clients. Our waitlist grows with each day and new clients are being placed with counselors weekly.

This year, we were fortunate to collaborate with eight interns from George Fox University, Pepperdine University, and the University of Providence. Thanks to the support of these interns and counselors, we were able to provide services to more individuals, couples, and families.

We are particularly grateful to have had the opportunity to work with counselors who specialize in Drug & Alcohol Recovery, as well as Grief Counseling. It has been a wonderful experience, and I look forward to seeing even more support groups in 2024.

Finally, I would like to express my gratitude to our team of front desk volunteers. Whether they are helping to cover a lunch break or shifts at the front desk, we thank you for your help.

God is so good! He continues to work in the lives of our clients, counselors, and team. A month ago, during a conversation with Teresa, the Executive Director, I described the work of GSM as a hospital. A place AND an opportunity for healing. How fitting that our theme of the year was, "Something Worth Saving."

Counselor Training Report

The Counselor Training Program at GSM HQ in Beaverton began early in the Ministry and has changed and evolved through the years. However, the foundational concepts taught in the beginning still remain. Training is based on the original call to “teach nothing but the Kingdom of God”. Foundational elements of that concept are:

- Studying the healing miracles of Jesus in the four gospels with a three-part written study
- Acting out the healing miracles in the classroom to discover the experience of individuals in the story as well as how Christ interacted with them
- Learning deep listening skills as we help people engage their life stories and find healing for their souls
- Learning to hear the Holy Spirit and help others to find their true identity as God created them

The current Counselor Training Program, which began in 2017, has three levels based on the curriculum developed by Sheila Hair in Walla Walla, WA. Sheila’s training came from the teachings of Bettie Mitchell, studying Christ as a Counselor, and drawing from Master-level counseling courses. Today the advanced Level II/III classes focus on training counselors in trauma-informed therapy from a Biblical perspective.

Training is now offered both in person and online via Zoom. GSM training has always been very experiential, using role-play, demonstration, active participation, etc. Elsa Jane Weislogel and I are constantly challenged with how to get students actively involved in things like acting out Bible stories via Zoom. We have been amazed by how the Holy Spirit engages us even through the internet! As a result of Zoom, students are no longer limited to people living in the Portland Metro area. We have had students from Caldwell, Idaho; Klamath Falls, OR; Vancouver, WA; Tacoma, WA; Montana; Florida; Virginia; California; Uganda; and Mongolia.

Because it takes 2 ½ to 3 years to complete training for GSM certification, it was 2020 before we were able to have our first new GSM-certified counselors. Thirty-five students have graduated from Beaverton since 2020 or are in Level 3 training, which is when trainees begin to counsel as interns under supervision. Abroad in 2023, we had 20 Ugandans complete Level II training on Zoom, waking up early or spending the night together to join the teaching in our time zone. Their commitment to the Counselor Training program has been inspiring! It has also enriched our USA students to hear of the counseling needs in other countries.

Graduates of the GSM certification program are qualified to counsel through any GSM center worldwide. In Beaverton, the third level of training includes counseling as an intern under the supervision of an experienced counselor. Other faith-based organizations and churches may also recognize GSM Certification as a qualification for lay counseling.

Counselor Training Report

CURRENT ENROLLMENT

	IN-PERSON	ZOOM	TOTAL
LEVEL 1 - MONDAY:	10	20	30
LEVEL 2 - TUESDAY:	8	23	31
ZOOM ONLY	USA	IN'T	TOTAL
LEVEL 1 - THURSDAY:	13	21	34
TOTAL STUDENTS 2023	18	77	95

We offer ongoing supervision for counselors both in person and via Zoom. The challenge is doing that when people are available. Most of our volunteer counselors work or have other commitments that they have to work around.

The future? I can't say that I have any goals to accomplish specific numbers. I believe the Lord brings those who are called. Some will attend training to experience their personal growth and healing. Some will say "yes" to the call and pour their whole being into training and following the call by becoming counselors. Some will say yes to the call and fall away because the reality is too difficult. Numbers mean nothing. One person saying "yes" is priceless.

Counselor Training follows the academic school year, with each level beginning in September and going through May. If you are interested in joining our training, please go to the GSM website for more information. You are welcome to join other classes and groups offered throughout the year in preparation for beginning training in the fall.

Financial Report

What a blessing to be a witness to God's provision for the ministry and training offered by Good Samaritan Ministries in 2023. The ministry has enjoyed positive growth in 2023 and we are ending the year in a strong financial position to move forward in 2024.

The far-reaching and continued support for our 26 countries of ministry is helping to sustain and heal broken and distressed people around the globe. There has been an overwhelming amount of challenges for many of our countries. Our satellite leaders do an amazing job of staying informed of the needs of their designated countries and are diligently seeking new donors to help contribute to these worthy causes. It is a privilege to be one of the many hands and feet of Jesus to make this happen.

The ministry of GSM was blessed in many ways in 2023. Here are a few highlights:

- **Employee Retention Tax Credit** - We received our tax credit in the amount of just over \$103,000 from the Internal Revenue Service. These funds were to help tax-exempt businesses that continued to pay staff during the partial or complete shutdown due to the pandemic in 2020-2021.
- **Property Tax Exemption payments** – We received our property tax exemption credits that had not been sent to us previously from the property management company of our headquarters office. They changed how they process the exemptions going forward and we should receive two credits each year.
- **Annual Banquet Gala** - The 2023 Annual Banquet Gala was an amazing success! We added the fun and excitement of a Silent Auction as well as a traditional Harambee for an enjoyable evening of fellowship and support for the ministry and work of Good Samaritan Ministries. The Gala donations totaled nearly \$116,000 for this event. Thank you to everyone involved who contributed to making this fundraising event a great success!
- **Investment Gains** – The GSM investment accounts had a profitable year in 2023. We recognized a gain in our investments of approximately \$250,000 which was a big help in recovering from our losses in 2022.
- **New Staff** – This past year GSM welcomed several new staff to enhance the effectiveness and efficiency of our headquarters team. Ari Bloomfield joined our team as an Executive Assistant to our International Executive Director, Teresa Stroup. Nick Ward joined our team as part of our Counseling Supervisory staff, in addition to leading Alcohol and addiction groups. Russell Landor joined our team as custodian to help with general office maintenance and cleaning as well as other small projects. We are blessed with a great staff at our Beaverton Headquarters!

Financial Report

We continue to refine our financial reporting on our International/Local/US Centers operations to help us better understand each of the areas of ministry. This will help us identify areas of needed improvement and see where we are succeeding in meeting our goal of fully funding the Beaverton Headquarters office and local ministry which is the financial basis for all other operations of GSM. We humbly ask for your support of our General Fund to ensure the future of our ministry both at home and abroad. We ask for God's protection and provision for Good Samaritan Ministries and all of our Samaritan partners in His work in 2024.

Soli Deo Gloria,

Leslie Ross and Rhonda Nations

International Board of Directors Report

INTRODUCTION

I am pleased to report that the ministry is in good condition; needs are being met and people's lives are being impacted every day – locally, regionally, and internationally. And plans are underway for expanding into more countries and regional locations.

Improvements are being made in several areas. We have an excellent staff a committed board of directors, and many volunteers. And we are all working together on this journey. We are being tested every day – many of our countries are being impacted by natural disasters, internal political turmoil, wars, health issues among our leaders, and many other challenges – but the Lord continues to be faithful to meet our needs and to guide and empower us as we strive to follow His leading.

ROLE OF THE BOARD OF DIRECTORS

The GSM International Board of Directors is responsible for the oversight of the ministry – locally and internationally. One of our most important roles is the support of the Executive Director as the leader of the ministry. The board and the staff have a positive working relationship.

The board meets monthly for 3-4 hours; meetings are open to anyone interested in attending. We currently meet on Saturday evenings.

The board currently has two “standing committees”; a finance committee that oversees the ministry budget and finances; and a development committee that is assisting in several areas to expand awareness of GSM within the local community; communications with its partners and donors; and in fundraising to support the ministry.

FOCUS FOR 2023, 2024 AND BEYOND

Over the last two years, a significant effort has been underway to update GSM's contact database, which contains more than 12,000 individual contacts. Board member Del Pullen has led the board's efforts in this endeavor; in recent months Matt Craig, our in-house technical guru, has spent nearly full time on this major undertaking. Excellent progress has been made; an updated mailing list was recently developed which is allowing us to improve communications with our many donors, counseling contacts, volunteers, and prayer partners.

International Board of Directors Report

FOCUS FOR 2023, 2024 AND BEYOND

The contact database update is part of a broader effort to improve ministry communications, which has also included:

- An updated website
- Increased use of social media
- Easier online donations
- Subscription to a new software system – Kindful – that is specifically defined for non-profits.

We believe this is an important undertaking as we strive to accommodate our donors, making giving easier, and transition to meet the needs of a younger generation – as well as create increased awareness of GSM within the local community and the world around us.

Another area of focus in 2023 has been stabilizing the GSM staff. After several years of high turnover, no staff turnover was experienced in 2023. We have an excellent staff, and we must continue to make improvements to create stability for the organization and its employees.

To address these areas of focus, two recent changes have been made to the organization:

- Vonda Winkle has assumed the role of Operations/Administrative Manager as a volunteer for 20 hours a week. Vonda is initially focused on clarification of job descriptions, staff coordination/communications, and advanced planning of events for initial areas of concentration. This change is also freeing up Teresa Stroup, our International Executive Director, to spend more time in teaching, counseling oversight, and serving as the ambassador for the ministry locally, regionally, and internationally.
- The addition of Bethany Black to a half-time position as our media and contact communications specialist. Bethany will work closely with the GSM board's development committee, headed by Jennifer Cameron.

An important responsibility of the board is to provide prayer covering for the ministry. Each board member is assigned responsibilities for various countries and regional centers, along with covering the Beaverton headquarters and staff. Protection of the ministry and staff from spiritual attack is an ongoing need; 2023 has been a challenging year for the ministry but the Lord is winning the battle; His will will be done.

International Board of Directors Report

OVERSIGHT OF MINISTRY FINANCES

One of the GSM International Board's primary roles is oversight of ministry finances. 2023 was a positive year financially for the ministry. We are thankful for the many donors who helped meet the many needs of the ministry. A strong U.S. stock market contributed to the positive outcome; our investments increased in value, offsetting the 2022 losses.

One of the highlights of this past year was our Annual Gala, held at the Portland Golf Club. A new Gala Committee was formed that did an excellent job of planning the evening, which is the major annual fundraising event that focused on support of the Beaverton headquarters that oversees and supports the entire ministry, as well as providing counseling services locally. The evening was a huge success; the program was excellent, and the addition of a silent auction helped us exceed our fundraising goals. Thank you to all who attended and supported the ministry at the Gala.

Our budget for 2024 will be a challenge for us to meet; costs have increased this past year and we will no longer have the Covid/pandemic government programs that helped us meet our financial obligations the past 3 years. Please continue to support GSM with your donations during the coming year.

TOM BECK, CHAIRMAN

International Board of Directors

GSM is fortunate to have a very capable and engaged board composed of members that have strong connections to, and involvement in the ministry. They include:

CHAIRMAN, TOM BECK

My wife Harriet and I first got involved in GSM in 2002 when our church hosted the GSM International Conference. We were asked to provide housing for three of the African country directors and quickly found ourselves captivated by the organization's mission. Afterward, we joined the GSM Senegal satellite and served as its leader for several years. To this day, we continue to participate in the satellite and support both Senegal and GSM. My two trips to Africa have been life-changing experiences that have left a profound impact on me.

SECRETARY, CRYSTAL DUNCAN

Crystal has been involved with GSM since she was a child. She serves as board Secretary; she is an organizer and gets things accomplished. She is also a member of the Development Committee. Crystal volunteers regularly at GSM and served as the 2023 Gala Chair. Thank you, Crystal, for all you do.

VICE CHAIR, LANCE HALLBERG

Special thanks to Lance Hallberg, who has served on the GSM board for the past 4 years, and the past 3 as Vice Chair. Lance has demonstrated strong leadership on the board and has been a great assistant to me personally. Lance serves on the Finance Committee and is regularly called on to assist based on his skills and experience with computers and software systems. Lance has a long history with the ministry, assisting with the leadership of Men's Group, Family Camp, Bible Teacher Training, as well as various counseling training classes. Lance clearly is a Samaritan in spirit and heart - and in action. Thank you, Lance! We will miss you.

International Board of Directors

DEVELOPMENT COMMITTEE, TED EATON

Ted is on the Development Committee. In 2023, one of Ted's assignments was the sale of a donated motor home. Ted is also assisting Nick Ward with the Drug & Alcohol ministry. Ted and his wife head the GSM Senegal Satellite. They have both traveled to Senegal several times, as well as Tanzania and Kenya for various GSM trips

DEVELOPMENT COMMITTEE CHAIR, JENNIFER CAMERON

Jennifer has an accounting background and has prior experience in a key management role at a large non-profit. Jennifer, the newest member of the GSM board, chairs the Development Committee and serves on the Finance Committee. Along with Crystal Duncan, Jennifer was a member of the 2023 Gala committee, instrumental in organizing the first silent auction. Jennifer is also a regular volunteer at GSM, helping with various areas of the ministry.

FINANCE COMMITTEE, DEL PULLEN

Del assists in a variety of capacities on the board, currently serving on the Finance Committee and volunteering for many special assignments. Prior to recent health challenges, Del helped organize the huge effort to update the ministry's contact database. Del routinely helps around the GSM offices on an as-needed basis. And Del has been a major support to his wife Patty who heads the GSM Uganda satellite.

PRAYER WARRIOR, MOSES MBONA

Moses in addition to Del Pullen serve as prayer warriors for the GSM board. In addition, Moses lends his unique perspective to the Development Committee. He was born in Uganda and raised by Rwandan parents who migrated due to conflict, giving him the privilege of experiencing diverse cultures from different parts of the world.

Additional information about each board member is available on the GSM website: GSMUSA.ORG/ABOUT

TESTIMONIALS

1. My name is SIBOMANA Consolate and I am 86 years old I am a widow. GSM has helped me this year in many things. I got a medical insurance card from GSM during the year 2023 that I use when I am sick or when I go to the hospital. GSM gave me also new clothing and food. Therefore, I would like to thank the leaders of GSM who like to help me when I have different problems. May God bless this ministry!
2. My name is CISHAHAYO Etienne. I am 35 years old. GSM has supported me in farming projects. They gave me a goat and after multiplication goats became many and I started to sell them to build a new house because I was very poor and homeless. Now, I have a good house for my family. I thank GSM for helping me to get a house and also I thank the leaders of GSM who like to support me in different ways May God bless GSM!
3. My name is sabimbona Delicia. I am 29 years old and I have 3 children. GSM has helped to fight poverty in my family by giving me a small capital in my business of selling bananas. The business was very good and after I decided to start a small restaurant. Now I gain profit, I pay school fees for my children, I can feed very well my family and also I can provide all my needs for my family. May God bless you!

TESTIMONIALS

- **Lilian (not real name)** wrote and failed the GCE exams five years in a row. Early last year she brought her to me for counseling. During the process, I discovered what her problems were. I gave her an assignment to do and prayed with her. She eventually wrote the exams and passed. Lilian is very thankful and grateful to God for the grace to pass her exams. She is in University now.
- **Mr. Isaiah** has not been able to properly sleep in 7 years. He had problems with his wife that caused constant stress. He got involved in heavy drinking and smoking hoping that the stress would go away but it didn't work. A friend sent Isaiah to me for counseling and after a couple of weeks of sitting in level one, he got healed during Attachment Disorder Therapy Class. Mr. Isaiah is now sleeping normally, controls his emotions better than before, and is no longer smoking or drinking. Praise the Lord

CAMEROON

P.O. BOX 882 LIMBE FAKO SWR REPUBLIC OF CAMEROON

- **Teckla (Not her real name)** was initiated into witchcraft by her friend in primary school, she confessed that there are thousands of them in the cult. They have the power to steal the Destinies of Non Believer. Demons gave them many things including money. Unfortunately, the only thing they can do with the money is buy food. The demons in charge of the cult asked her to sacrifice her mother; she accepted but her mother couldn't die because she was very prayerful. So they decided that she should sacrifice her junior sister who refused. The demons decided to afflict her with perpetual chest pain. She was brought to me for counseling by a Samaritan brother. After ministering to her the healing power in the name of Jesus Christ, we commanded the demons to leave and she was set free from chest pain and the destructive power of the kingdom of darkness. For two months now, she is in perfect health. Praise Master Jesus Christ.
- **Mbekwa Testimony (1/3/24)** - My name is Jocile Mbekwa. First of all, I want to thank Rev. Dr. Tangye George Salt, for leading me in prayers to heal a spirit wife that has tormenting me for so many years. Dr. Tangye assigned me to a one-month Fruit Fast and Prayer program. At the end of the program, I was successfully healed physically and spiritually. **Daniel 1:8-16**
 - One morning I received a WhatsApp message from Rev. Dr. Tangye inviting me to attend GSM Healing School. On my first day in class, he taught us a topic called Attachment and Attachment Disorders. In the course of the lesson, I discovered many negative things happening in my life that I couldn't have ever been able to understand on my own. During the training process, I got healed from unforgiveness towards my parents, friends, and relatives whom I was never able to forgive before then.
 - One day in class, Rev. Dr. Tangye asked us to talk about our parents, and how we grew up with them. In my case, I lost my Mother when I was four months old, and I discovered that the absence of my Mother affected me in many ways negatively. In that class, I saw how people were shedding tears freely because they too never experienced the love of a Father or Mother. It was amazing to see my bosom friend who was in class with me crying very emotionally after discovering the root cause of his problems. All of us in class that day received our healing.
 - I will never forget the lessons on Attachment and Attachment Disorder and Abuse. These topics brought much healing into my spirit and helped me to discover that I was living a very sinful life that was destroying me a lot. My sinful life had disconnected me from the Lord Jesus Christ.
 - Today I am a changed person, I have disconnected myself from many sinful social activities that don't glorify God. This time around, I have intimacy with God. I pray more than ever before. Thanks to Rev. Tangye so much for the wonderful work he has been doing in the Kingdom through Good Samaritan Ministries Cameroon. I pray that God Almighty continues to empower him and give him more strength in the work. I am trying to invite Youth and Parents to try and attend GSM Healing School, especially the Attachment and Attachment Disorder. It is a wonderful class for everybody who wants to learn desire a change in. life and reconnect with God the Father.

Shalom fellow Samaritan along the dangerous road. I pray that this report find you and your families well. I wish you all the bests in 2024. Please read objectively our report and pray for us. God gave us HIS grace and made us able to work as following:

LEADERSHIP HELP AT THE CENTER

In the year 2023, I traveled a lot within the country training leaders and straightening workers in every town I passed.

This year we gave 9 major trainings in the following cities and villages:

- KINSHASA (Capital City)
- GOMA (City)
- LUBUMBASHI (City)
- BUTEMBO (small town)
- BENI (Small town)
- BUNIA (Small town)
- ARU (District)
- ARIWARA (small town)
- DURBA (Mining town)

As I used to say, Congo is very big and we don't have good roads. Where you have a few kilometers of road, you will find there these army groups, rebels, and killers. This makes us use planes for all these programs and it makes it very complicated.

For example:

- From Kinshasa to Goma you use 2 2-hour flights and the ticket is 560\$ return tick for one person I used to be with Esther and Timothy in most of the training. This is just an example.

Subjects we used for this training are the following:

- Effective leadership these days
- The concept of good Samaritan
- Spiritual fatherhood

COUNSELOR TRAINING SERVICES:

a) Counseling: During 2023, I received more people for counseling than last year. Nearly **432** persons came to seek counseling. I receive twice a week for counseling, but I added one more day this 2023 because there were many coming and I still have to travel a lot for the ministry. Like last year, we concentrate our efforts on helping vulnerable people like:

- Widowers
- Orphans
- Reaped women
- Trauma – Counseling for those who lost their family in the war and those killings (army groups like ADF, M23, ...)

b) Training: Our school the Biblical and Counseling Institute – BCI has now almost 11 campuses: 5 of them are located in Congo, and 6 are Outside the Congo. In Congo, we have a BIBLICAL AND COUNSELING INSTITUTE Campus of:

- Kinshasa
- Goma
- Lubumbashi
- Butembo
- Bunia
- Ariwara

c) Out of Congo, we have:

- Kampala - Uganda Campus
- Nakivale – Uganda Campus
- Bujumbura – Burundi Campus
- Malabo – Equatorial guinea Campus
- Paris – France Campus

CENTERS DEVELOPMENT

In 2023, I personally opened two centers and established their leaders. It is the Aru GSM center and the second center is the Ariwara GSM Center in Ituri province. The rest of the centers are still the same with no change:

- In Kinshasa, for now, we are developing Bandal/ Bisengo GSM Center with Fidele BARAKA KIKUKAMA as Center director, Bandal/Synkin GSM Center with two people as center directors (MANDA LUHAGA and NYANGI POKA Regine), Ngiri-nigiri GSM center with ONOPESE NGUWA Emery as Center director;
 - Note: We lost MANDA LUHAGA in 2023, his wife died 2 years ago out of HIV/AIDS we are looking for a way to take care of their 3 orphans
 - BWANA MOYA SENDWE Jean Claude is working as our permanent at the Kinshasa offices and my representative there.
 - LUBUMBASHI was our headquarters from 2007 to 2012 and since 2013 we moved back to Kinshasa in August 2012 I and Esther my wife are working as full-time counselors there. We appointed Pastor Salumu Muchibwe Guy to be the chief leader of the team that we left for the ministry, for the church, and the BCI. In 2023 we appointed also Sompwe David to be the Katanga province director for GSM and BCI.
- In Goma, KALONDA WA MAYOMBO Timothy is doing a good job. We are in good communication.

UPCOMING PLANS FOR 2024

2024 will be the social year of GSM-CONGO. Our people face too many social problems like: Analphabetism, many intelligent children are not going to school due to the lack of school fees. The parents are not able to pay for it. This phenomenon of street children is growing and the robbery level is high. We need to do something to get these children off the street. For sure, I feel like a call for the Congo GSM to focus on the social of the people as Samaritan.

We'll also continue with the training all over the year 2024. I'll focus in the transformation of the victim to become a Samaritan through our compassionate acts and multiple trainings and we require your prayers to achieve this in the name of Jesus.

YOUR BROTHER AND FELLOW SAMARITAN ALONG THE DANGEROUS WAY,

PRAYER REQUESTS

- May the Lord raise up more satellite members for the Congo
- May The Lord give us the strength to achieve our annual Programs
- Need people to help with school fees as we're worried don't know if the children will finish this academic year. For now, we are helping almost 40 children (38 schools et 2 children are still little)
- The rent for GSM Congo national headquarters. It will be almost 1000 USD per month. This will make it 12000 USD A year for the office.
- Pray for the good health of all GSM members and my family
- God's protection as we're traveling all over the country for the Ministry

DR. BAHATI SALUMU JOHN PETER

“TO PRESENT EACH ONE MATURE IN CHRIST”

CLASSES & WORKSHOPS

- Cindy Womack taught a class on Suicide intervention for 25 participants, as well as a special class in Alexandria on Regulating our nervous system and Polvegal theory, for 55 participants.
 - In October, we had a blessed visit from 2 teachers from Mesites Christian Academy, South Africa, along with our Jordanian friend Caroline, who introduced them to our office. They gave training on the following:
 - neuro-biology model in therapy
 - Childhood abuse and Trauma therapy
 - Play and creative Therapy
- Family counseling: A system approach & EFT Model for couples therapy.
 - 30 live participants attended plus live Stream participation, for the first time, via zoom, for those residing outside of Cairo or abroad.

GROUPS

- A monthly open support group for caregivers (mainly individuals who care for a chronically ill family member), led by Marianne.
 - The group helped about 50 persons throughout 8 meetings.
- An open bi-weekly book club and movie evening, led by Enas.
 - About 50 persons participated throughout 16 evenings.
- A 12-week workshop for teens’ parents, led by Ebtessam and Rasha.
 - 3 couples
 - 7 single parents shared on the workshop.
- 3 one-day classes of art therapy, led by Mosheer.
 - 2 classes in Cairo and one in Alexandria.
 - The average of participants was 13 for each.
- Weekly group therapy for “Attachment disorder in adults”
 - for 17 participants
 - will remain running up to April 2024.
- A new weekly group therapy for “Attachment disorder in adults” in Alexandria, under the new title “2 Connect”.
 - It consists of 16 participants
 - remain running up to April 2024. Led by Mosheer & Marianne.
- **2 testimonies from group members:**
 - *“The group is making a huge difference in every aspect of me, mentally, socially & and emotionally. Through its turns, through the exercises we make, as well as the articles we discuss together, I find myself learning and changing a lot*

“TO PRESENT EACH ONE MATURE IN CHRIST”

- **2 testimonies from group members (cont.):**

- “I feel so grateful to the group members, especially Marianne and Sarah. Masheer, my highest achievement in 2023 was that I got to know you and got disciple by you. This will continue.” (S. M) “Almost a miracle happened to me at the hands of the Attachment Group. Every now and then I would try to commit suicide and fail, and then walk away and leave the house then come back again. I was classified as having a borderline personality disorder, and every time I joined any course or group they would walk me away, and this made me hate people and hate myself even more. Until I joined this group, I asked Mosheer: “When will you walk me away?” He said, “I will not walk anyone”. He tolerated a lot of toxic words from me and he never criticized me. He has a special personality and a leadership type in the group, and he never hurt me or told me to leave. I learned from him to accept my weakness, and to love myself. I also learned how to express and describe my feelings, and to practice mindfulness exercises to calm myself. I learned how to befriend my inner child instead of hating myself. learned how to stay with my pain instead of running away from it using relationship addiction. I learned that I am a human being and that no human being is perfect. I learned that imperfection is a gift, not a curse.” (Ch. V.)

COUNSELOR TRAINING

- A continuation of the new counseling training class (level 1 & 2) that started in 2021 and ended last April, including weekly discussion groups for 170 students.
- A practical training (Pre-Internship) class for 25 graduates of the previous training, led by Mosheer.
- A continuation of the new counseling training class (level 1 & 2) in Alexandria, which will go until April 2024, including weekly discussion groups for 60 students. Led by Mosheer.
 - 2 testimonies from Alexandria’s students:
 - “The weekly group discussion, whether live or Zoom, after watching the amazing teaching on YouTube, was just insightful and fun. The books we read were so well selected. The whole Study had a positive impact on me in a personal aspect, in that I acquired the ability to listen more than talk. I also learned to focus, so that I do not remain hasty and quick in speaking.” (S.S.)
 - “Years of hard work and experience, as well as rich materials have poured in this study for free, with love!! We have seen no hidden agenda, only spreading awareness and building a society that got corrupted through ignorance and darkness. I was so lucky to be a student in the Alexandria counseling diploma... It was a wonderful opportunity to get to change my vision and renew the meaning of my life. I pledge to be a station from which I transfer what I have learned to others.” (R. Y.)
 - New 10 students joined the online counseling study (level 1 & 2) in 2023, plus 79 continue from the previous years. They are from different countries as well as different governorates of Egypt.

TESTIMONIALS

“I have a testimony and great gratitude to God and to the Counseling Office. I am a widow and live with my daughter who is a single mom. Last year, when a large sum of money that I only own got stolen, I was extremely surprised that the office could manage in a few days to give me a sum of money that is so close to what I’ve lost!! Once again, when I had to do dental surgery, I could not believe it when the office provided me with the entire amount of the operation!! Therefore, I am so very grateful to God, and to the counseling office. May God bless you all. I’ll always remain thankful and grateful to you and to our Lord, our great provider.”

DIRECTOR’S SUMMARY COMMENTS

Thank God, the Board elected Sarah Melad to be the first CEO after Mosheer, the founder, who played that role for 33 years. In the new structure, the CEO serves for a 2-year term that can be renewed after another election. Praise God, now I can be free to serve out of office, as a part of my new plan; developing the partnership with the heads of all Christian Counseling ministries that exist in Egypt (13 different offices/agencies) now. We are meeting twice a year.

COUNSELING AND CHRISTIAN MATURITY MINISTRY(CCM) – EGYPT

“TO PRESENT EACH ONE MATURE IN CHRIST”

NEW ROLE DESCRIPTION

Hereby, I'd like to share with you a quick report on the bi-weekly meeting that I held on Zoom. It is a free forum for Arabs all over the world who are interested in developing counseling as a volunteer service in their communities, in any country outside Egypt. So far, 6 meetings have been successfully held with the participation of some counselors as well as some individuals from the educational fields.

- They are as follows:
 - 18 from Tunisia
 - 3 from Syria
 - 2 from Canada of Egyptian origin
 - only one from Jordan
 - one Egyptian from Italy
 - one Egyptian from Virginia/US
 - one Palestinian from Tunisia
 - one Syrian from Germany
 - one Egyptian from Kuwait
 - one Iraqi from Iraq
 - A Saudi woman from Saudi Arabia
 - a Tunisian woman from France
 - an Egyptian woman from Sweden.

Major Duties
Teaching Christian Counseling principles & training Arab counselors all over the globe.
Creating & building local fellowships/associations for Arab Christian/or secular counselors on their countries/communities.
I dream of establishing the National Association for Christian Counselors in Egypt within the coming 3 years. And founding a similar Association for the Arab world within the coming 5 years.
Minor Duties
Helping locals to extend to the unreached areas.
Relationships
People under direct supervision: N/A yet.
Person assigning work assignments: None so far.

We are studying together Carl Rogers' thoughts in these meetings. We expect that this will lead to a meeting soon on the ground, to discuss the idea of establishing an international association that brings Arab volunteer workers together in this field. Meanwhile, there is good progress on my other project, which I started locally 2 years ago to establish a similar association for Christian Lay Counselors. I dream of reaching the point where we are eligible to accredit Christian lay counselors in Egypt, someday in the future.

2024 GOALS

Sarah asked permission to submit this info later on February 4, after her meeting with the Board. You know how the transition can take longer and harder than expected.

DIRECTOR'S PERSONAL NEEDS

Sarah asked permission to submit this info later in February 4, after her meeting with the Board. Meanwhile: Please *PRAY* with us that God rescue our country from a horrifying economic destiny we are trying to Pray for heavenly protection for our staff members who seem under spiritual attack at this present time.

LEADERSHIP TRAININGS OFFERED

- We did not organize any leadership training but I was privileged to speak at the National Association of Charismatic and Christian Churches (NACCC) southern Volta chapter conferences on four occasions in January, March, June, and December. The Conferences had pastors, founders, and other ministry leaders. This organization has a national recognition and the Volta South chapter was originally an association of ministers I was privileged to start. The goals of these conferences were aimed at equipping the minister for greater work in the ministry. Topics I spoke on included, "The Role of Unity in the Body, The 2 Dimensions of Intercession, and Locating the Believer's Enemy".
 - Number of Participants: 142

COUNSELING SERVICES

- Group Therapy
- One-on-one counseling
- Marriage Counseling
- Trauma Therapy
- **Number of Counselors:** 5
- **Number of Clients:** 80
- **Number of Participants in Each Group:** 12

PUBLIC GROUPS OFFERED

- We have a group therapy for young singles and comprised of 12 young people
 - During the year 2 people from the group got married successfully and are enjoying a happy marriage so far.

2023 NATIONAL OR GSM CHALLENGES

- **Widows:**
 - The widow's group at Tublukope is well and functional, we hold meetings once a month

2023 COUNTRY UPDATES

- No new centers were opened neither did we appoint any new center directors but we are working on getting at least one person to man the office and plans are far advanced. What we are left with is the office space. But in the interim, the person will be working from the church premises once we are done setting the furniture and other props in place. Hopefully, this person should start between March and April, 2024.

2023 PARTNERSHIPS / FUNDRAISING PROJECTS OR EVENTS

- Yes, we partnered with Soul Winners International during the spillage of the Akosombo dam spillage and we presented some textbooks to two schools that were affected by the resultant floods. We also partnered with Souls Oriented Missions - Accra and Friends of Africa to host an area-wide free medical screening and leadership conference in May 2023. It drew people from all over the municipality and from across the border. We ministered to over 1200 people.

2023 CHALLENGES

- As I have stated in my previous reports, lack of office space and dedicated staff for the work in Ghana. And as previously stated, the potential of the work in Ghana is endless and to exploit the avenues available for us, we need an office space and also to resolve the legal status issues in Ghana. Like I stated last year, we had wanted to resolve this issue locally but the penalties we had to pay were a bit more than we anticipated. We need support to resolve this issue. Solving these problems will help us get the footing to start exploiting the numerous opportunities available to advance the work of the ministry.

2024 PLANS

- Resolve the legal status of GSM in Ghana
- Partner with like-minded organizations starting with Compassion International
- Getting an office space and at least one dedicated staff
- Organize at least one major event
- Start local fund raising event

PRAYER NEEDS

- Please pray for new ministry avenues to be opened to us
- For God to grant us favor before all men we will meet.
- For our efforts of forging new alliances to be met with great enthusiasm and willingness

TESTIMONY OF PASTOR CLETUS AVORNYO.

- I thought I was ready for marriage until I and my wife now started the journey with Bishop in marriage counseling. The journey even though the journey spanned over a period of 14 months, it was a very in-depth and transforming experience for us. Everything I thought I knew was the journey spanned over a period of 14 months, it was a very in-depth and transforming experience for us. Everything I thought I knew was crushed and a new paradigm was introduced to us. I must say there were times I even felt our relationship was under threat but with the help of the Holy Spirit, we navigated all the various curves and bends and our love was given a new and firm foundation. Our love was redefined and our purpose was given a new outlook. I can confidently say at this point that, we are set on a course to a successful and blissful marriage. Thanks to God and my Bishop.

URANGA - KENYA

The year 2023 began so well, but in between there were a lot of problems, at the beginning of the year, we lost Mama Anastasia who was the wife of Dixon Oloo who was the first client of Dr. Mama Bettie in Kenya. It was a trying moment for the Dixon family and the entire Samaritan family since we had just lost Dixon in two months.

The year 2023 was a year full of problems and regrets. Most families have been affected by famine. Crops dried due to too much sunshine, and finally, floods came towards the end of the year swept away crops, and killed people in most parts of the country, especially in Mombasa. There are no crops and the majority of families could not afford food on the table. The lack of employment and the increase of prices in commodities affected many people. It was this same year that taxes were doubled. Almost everything was being taxed. This has caused a lot of anxiety to the majority of people, thus much need for counseling.

We thank God that the GSM office international was able to support us with money to buy food for the hungry.

It was this same year that thieves broke into our GSM offices and stole money totaling \$1200 that Samaritans had collected for the 37th year GSM celebration. Still the majority of the young who were affected by the pandemic still flock to the villages and are still posing insecurity. Much work still needs to be done especially for the youths. Thuggery continues to rise and this has caused a lot of fear, especially in the villages.

In the Uranga area, a policeman was killed and a pistol was taken from him by the Alshabbab militia. We are now living in fear because we do not know where they will target next.

Since many lives had been lost due to the pandemic, we were involved so much in grief counseling and trauma counseling and life-giving hope to the victims.

FUNDRAISING PROJECTS OR EVENTS

- We did not hold any fundraising but we just did collections and donations for our GSM 37 annual conference

2023 NATIONAL CHALLENGES

- We had many students who were to join university, but we had no money since our country was faced with major challenges on taxes and other issues that was affecting us as a nation.

2024 PLANS

- We plan to train young Samaritans who will help us in future
- We plan to improve Joan Baker school in order to continue helping the community
- We plan to improve on the agricultural projects by planting more vegetables and nappier grass to sell to the community
- We plan to improve the rehabilitation centre to continue helping many addicts

PRAYER REQUESTS NEEDED

- We need prayers for the health of all our GSM workers
- We need prayers on more support on school, due to the fact that last this year 2023, many of our students were admitted to join university, but there were no funds to help them
- Pray for the security of Uranga as it has marked as a security concern for the Alshabbab militia
- We still need prayer for relief food due to the elnino rains that came and destroyed our crops and also, this time there has been no harvest
- Pray for my health. I continue on medication for my heart. Pray for Vonda who has stood with my medication
- Also pray for the health of both Papa James and Mama Theresa Opiyo.
- Pray for the increase in number for our satellite members so we can continue getting enough help for our people
- Pray for students who need help like Modesta, Teresa and Charles

MODESTA TESTIMONIAL

My name is Modesta Ajiambo. I am 29 years old. I was born in a family of the late James Onyango and Catherine Aor. My father died when I was in grade 3 and since then life has never been the same. In our family I am the first born and my going to school was just through struggling. We could not even get food. I had to do manual jobs so that we could eat.

I sat for my grade 8 examinations and passed so well. My mother struggled to take me to join grade 9 in a nearby day school. There was no school fee. I struggled so much and in the process I became a victim of teenage pregnancy due to too much struggle.

I finally did my Grade 12 examination in the year 2014 and passed. My mother could not even complete my high school fees. In the process, I met a Samaritan who works at A GSM center near our home. I got to join the GSM Uwasi center and through God, I managed to come to Uranga GSM headquarters and met Pastor Gorretty Amollo who is the National Director of GSM Kenya. Through counseling and support of GSM, I managed to join a diploma Teachers Training center. Through this help, my life has changed and there is hope in my face compared to how I was earlier. I appreciate so much the efforts that the GSM has made to secure me a chance at a Diploma college. It was not easy for me to manage that.

NATIONAL/CENTER CHALLENGES DURING 2023

- 2023 was a challenge year as Madagascar faced socio political issues with corrupted election
 - GSMM intended to organize fundraising events, but in front of this situation, we could not gather people. we plan to organize it in 2024
 - Besides, our GSMM executive (Rova Randrianarivo, the only counselor) just left to Malaysia to continue her master study. GSMM definitely needs to get a replacement.

MADAGASCAR

TESTIMONIALS

- During the GSM World visit in Madagascar, we all could get treasures. One of the key treasures in General Rambinitsaotra, who hosted us in his own office during the Independence Day celebration. The socio-political issue within the country just happened after the GSM visitor's departure and continued until the election in November. During this time, the General office got challenges in his back - forcing him to rest and be operated on- the time for God to make an order within the Security Ministry. God is so good.
- Another great testimony is our Board member - the Secretary - she got very ill in Q4 2023 - heavy cough and fever and suspected of cancer of the lumb. But with God's grace and mercy, it was diagnosed to be just a post-symptom. This situation was a driver for her husband and sons to start praying hard and trusting the Lord their whole lives. God is so merciful
- Among the bible study group members, a couple having marriage challenges, turn back to the Lord and continue serving faithfully at church. Testimonies and sharing and bible studies at GSMM center helped them to understand the true meaning of marriage and their role and responsibility as Christian couples either in front of their children or in front neighbors and church families. We praise God for His Love.

TESTIMONY OF TSOLMON SHAGDAR

Hello, my name is Tzolmon. I have a doctorate degree in the science of medicine. I was a top student in high school and graduated with honors from medical school, and I have always been a leader in my life. However, after I birthed my daughter on November 26, 1992, I suffered from postpartum depression for 31 years. Ultimately, it all got so bad that I couldn't get out of bed, eat, or do anything. In March 2022, I contacted Yanjmaa and started attending her Friday Bible study, and we had many sessions about my marriage life. I also had unforgiveness issues, and I completely recovered from depression in May 2023. But I still attend the classes and have many miles I need to go. I had many sessions and one day was hard. God helped me through GSM counselors.

MONGOLIA

6017 ALBIZA DRIVE, HARRISBURG NC 28075

TESTIMONY OF TSERENDULAM BUD

When I first joined GSM, I was deeply hurt by the church, not able to forgive myself, and physically very sick. My relationship with God was shaky; I no longer felt the Holy Spirit, and my heart was filled with hatred, unforgiveness, complaints, anger, and stress. Also, I had a lot of family relationship problems. My eldest son tried to commit suicide and cut his forearms many times, and he had a lot of mental pressure and was constantly afraid. All my siblings were sexually abused, so there were a lot of psychological and spiritual problems. I was raped several times by my brothers when I was young.

By the grace of the Lord and the guidance of the Holy Spirit, many of these things were healed, freed, put in order, and the heart was healed with forgiveness. I was afraid of a lot of people, especially our former pastor. I was blamed for all the problems by the leader of the church; they told me Tsegii cursed the church and Tsegii was from the devil. Now, I see and think about those elders and pastors; I feel sympathy for them, can discern their souls, and want to be truly empathetic. I have attended GSM services for more than one year now, including many online meetings. I also participated in counselor training 1 and 2. GSM provided me with one-on-one individual sessions that helped me realize the problems and much deep healing came. I also joined the Wednesday group for a few months. My husband attended a men's meeting for seven months. I forgive many people, including myself.

MUNKHGEREL, DIRECTOR OF KHOVD CENTER PROVIDES COUNSELING SERVICES FOR THESE COUPLES

He counseled for several months and prayed many times for Otgonbaatar and his wife, Altantuya. After praying and counseling Altantuya, her life of faith was restored, and she began to walk with God again. Otgonbaatar fell into the hole, and his bones cracked and his brain was damaged. After her husband was injured, Altantuya was very afraid, but our prayer delivered her. Also, in our prayer meeting, Otgonbaatar's recovery is progressing quickly, and he is now walking. I prayed that my family would love to have a child. To God be the glory.

MONGOLIA

THIS IS AN ADDENDUM TO THE MONGOLIA 2023 ANNUAL REPORT:

Seven new GSM centers were established in Mongolia this past June after a whirlwind tour by national director Yanjmaa Jutmaan. Yanjmaa was called into ministry by Bettie Mitchell in the spring of 2006 when the two met – seemingly by chance – in South Korea.

The tour encompassed three countries, starting with a stopover in Toronto, where two people accepted the Lord. Then it was on to Korea, where Yanjmaa's sister Dashka organized four services for Mongolian-speaking residents in several churches. Sixteen people became Christians during Yanjmaa's three days there and many were healed and delivered. Some of the Mongolians there have been taking Level One counseling training from Yanjmaa, which is the GSM curriculum translated into Mongolian. One of the pastors invited Yanjmaa because he was impressed with the maturity of her counselor trainees.

Arriving in the capital Mongolian city of Ulaanbaatar, Yanjmaa was met by a team of people who had printed up T-shirts, reserved meeting spaces, and printed out enormous banners for what would be a series of packed meetings to disciple Mongolian believers. At this point, a fellow missionary from North Carolina, Samuel Stutts, showed up to minister alongside Yanjmaa. He was of major help along the way.

Yanjmaa first set up a new board of directors and installed an in-country manager, Dagvadorj, who proceeded to accompany Yanjmaa on her tour of the country. The little group drove to the central Mongolian cities of Erdenet and Darkhan. The drive included a roadside deliverance for one of her drivers, a lesbian, who is now Yanjmaa's new accountant.

In Darkhan, they stayed at the home of a woman whose brother is a shaman (somewhat like a witch doctor) and Yanjmaa did deliverance prayers there. At Burhant Jesus Church there, the service drew people from as far away as Irkutsk in southern Siberia. Yanjmaa prayed for many people to receive gifts of the Holy Spirit. Many diseases were healed; in fact, some people who had gotten healed via Yanjmaa's weekly online services showed up in person to testify.

At the Erdenet service, one woman's leg was healed. About 50 people – which is a lot for a Mongolian service outside the capital – attended.

Then Yanjmaa flew to Khovd, an isolated city in far western Mongolia where she'd worked for three years as Mongolia's first female chancellor for a state university. The region is special to Yanjmaa's heart, as she knew the difficulties of that remote area. Even though she left there in 2015, some of her former faculty thought enough of her to prepare a feast, involving a whole sheep – in a ger (yurt). The new GSM counseling center in Khovd will be in a ger. She also drove eight hours to the even more isolated city of Ulaangom to preach.

MONGOLIA

6017 ALBIZA DRIVE, HARRISBURG NC 28075

ADDENDUM CONTINUED

The trip ended on a highlight, with crowded venues during the last week that Yanjmaa was back in Ulaanbaatar. At Bethany Village Church, more than 200 people packed into a room meant for 130. At Yanjmaa's home congregation – Uurdin Gegee Church – 350 people gathered to hear her. She did counselor training for 70 people and had a healing and deliverance service for 20 pastors. Total costs for the trip were \$14,000, and when Yanjmaa boarded the plane at the beginning of the journey, that money had not yet come in. By the end of her three weeks there, it had, chiefly from the Mongolians themselves. A YouTube video of the trip highlights can be seen [here](#).

11. Did you host any guest(s) from outside the Region? What was the focus of their visit?

(a) We hosted Rev. Dr. Tangye and Mrs. Patricia George for almost 3 months while undergoing critical health - medical treatments. (b) We hosted a youth center on national service for a year. (c) We hosted Mrs. Nwachukwu who was an intern at HTA TV station and hospitality services.

12. Did you partner with any other organization(s) or church(s) in 2023? Describe any fund-raising

project(s) or event(s) hosted by GSM: We hosted and partnered with the parents of the youngest twin babies in GSM - Nigeria dedication and reception. No fund raising purpose. our Partnership with churches, or Christian organisations was purely for social and spiritual purposes. But our satellite - walla walla assisted us in many ways.

13. Describe any national or GSM Center challenges faced during 2023:

God bless Mama Tina and her team members. The unrelenting insecurity, economic hardship beyond description, Herdsmen, masked killers, banditry, tribal agitations political upheavals and instability and religious violence etc terribly destabilized and affected every aspect of our work and national operations - in 2023. Natural disasters and flooding increased food scarcity and inflation that has defied any economists solutions. There is still no end in sight. We need extraordinary prayers and peace - stability.

14. 2024 Plans (Please describe your country's GSM plan):

None except how to tackle the two pressing issues stated in the Annual 2023 Report. VIZ National Directors Additional questions page.

15. Did GSM in your country receive outside funding from any source outside of your Satellite? (such as Grants, Projects Funds from other Groups, etc.):

None see GSM Financial form etc 2023

16. How can we pray for your Country, Center(s), and/or you personally?

our personal, family, ministry safety, ~~and~~ Provision in the midst of disaster, violence, Political instability and Extreme Islamic Jihadists terrorism; economic strangulation and wicked leadership insensitivity and down to earth hardship and suffering of the masses in Nigeria.

17. Please attach at least three testimonies of people impacted by GSM during 2023 (Please provide/attach photos if possible):

We received and took care of visitors from Mbano - a widow in charge of the Agric. Programme for the widows - medical treatments at the Port Harcourt Teaching Hospital. Her treatment lasted for 4 months and with concerted prayers God restored her health and life. Also three other homeless Ladies and widower and son. The widower's wife was a nurse, a good member of GSM, Port Harcourt. She died of diabetes and blood related complex case. She is yet to be buried because of lack of funds as her husband is presently jobless and homeless. Please join us to pray for the family. Their only child is now staying with us here with no obvious means of school fees. We also spent quality months (2 months) with our National Director of Cameroon - Papa Tangye George and his wife Patricia when he stayed here with us both in hospital (prostate enlargement surgery) and GSM centre here. The Lord perfected his health medically and spiritually before he went back home. Strange healings and deliverance on many clients and restoration of broken marriages. Reconciliations on intractable legal complex cases were settled by the Lord in strange ways in the ability of God etc

NIGERIA

Miracles God is daily performing incredible healings here through our counselling, therapies, abuse and addiction recoverings, and renewal of hope for the hopeless, homeless, jobless people that came in contact with Good Samaritan Ministries Nigeria. The Lord has been protecting us from real and imminent dangers here and in all our centres across Nigeria. Matthew 16:18 — has been operative practically for us.!

At this time of 2023, we engaged in 21 days of fasting and prayers for divine direction and wisdom, covering, provision and courage because this work can't be done in the flesh.

As at this January 2024, we have also engaged in another marathon fasting and prayers. ~~that was~~ God's main business is to answer the prayers of his faithful children — disciples — with Supernatural Speed. Amen.

We offer our greatest thanks to all that you have given to the Lord this past year! Please spread our gratitude and praise to all of the Samaritans that serve alongside you to support GSM in your Country!

Together on the road,

GSM HQ Staff 😊

2023 REVIEW:

We have kept the daycare running well and given excellent education for the children's developing minds. Inflation of food prices has been a strain. My husband children and I have faced some traumatic events suddenly seeing rockets fired and soldiers in the streets, as well as road and business closures even before the Oct, 7 war. We have focused on "Praise God and God is in charge" despite the increasing difficulty. My brother Mohammed has been the "head of the Hamdan compound" since our father died. We are both faithful Samaritans, along with our mother Huwaida. Mohammed and I returned home safely from our wonderful two-week US trip in October. Returning to a war zone, I experienced deep depression, yet with prayer from GSM, I've come out stronger and trust that God is holding us. The war has greatly decreased our income and my husband, Ayman works very rarely. Thank you so much for your love and support for us! We love our GSM family!!

- Supported Anwar as director and Huwaida as assistant in providing continued daycare and early childhood education for 5-7 children. The war brought the number down to 2
- . With \$1,000, upgraded the daycare further to comply licensing
- . Continued monthly support for Yassin's widow, Huwaida including some medical care
- . Supported Anwar's three children in good schools along with International Education
- . Brought Anwar and her brother Mohammed to Oregon on Oct. 6th to attend family camp, visit daycares, attend GSM groups, and to know GSM and the satellite better. This was brought about by many kind donations of money, time, and air miles
- . Brought oldest brother Awad and his young son Mustafa from Texas to visit GSM while Anwar and Mohammed were here. Developed a relationship and had a lot of fun!
- . Had a GSM-wide birthday party for Anwar and Mohammed with many in attendance
- . With multiple generous donations, was able to purchase an almost new auto lift for the Hamdan garage, so that the three young men could support themselves, especially as the war between Israel and Hamas severely affected their ability to work outside the home
- . With a donation shared by ASTA satellite, Mohammed and Huwaida distributed \$1,500 of food to needy families in October

Love & Peace be with you,
Anwar (Hamdan) Aliwisat

CHALLENGES & PRAYER NEEDS FOR 2024

- With the war making it harder to pay for daycare, we need more mothers with young children who can use We Care's services.
- Daycare licensing in 2024
- Anwar's husband Ayman has almost no income. Pray that authorities would open the door for Palestinians to return to work in Jerusalem. Ayman had a job lined up before the war.
- Prayer for the auto lift to be installed safely and ASAP so the Hamdan sons can use it for income generation.
- For the war to end and healing from the effects of war, especially for the children

We are hereby grateful for the continued support we got in 2023, many needs were met and many still hanging on. Those that were accomplished Our kindergarten got a few more kids with a total of now 86 kids, we added on one more room and enlarged the small ones and also got two small rooms one for storage and an administrative office we got on.

We managed to help families with the basic materials, As a school we lost a parent to a heart attack he died leaving as a young widow with two little kids It was so hard and still so hard for the poor kids and their mothers who depended on her husband, we have a big number of single parents with lots of emotional wounds and stories. The sewing students managed to get them through 10 months of training and counseling and teaching them the word of God with hope and many left changed and on fire for the Lord. We sent them away with the sewing machine to help them as we know that even after those days with us they still couldn't be able to get a sewing machine for themselves. We give God the glory

We are extremely grateful for the invaluable support you have provided us. Thanks to your assistance, we have achieved great things and impacted many lives. Specifically, we were able to provide food for the children of Late Dickson, and even send three girls to school.

Personal & Relationship Update - I am doing well, and my eyesight has improved greatly with the consistent use of eye drops. My family is also doing well, and we had a great end to the year 2023. Once again, thank you so much to GSM for all of the spiritual and practical help you have given us.

What is happening at your church?

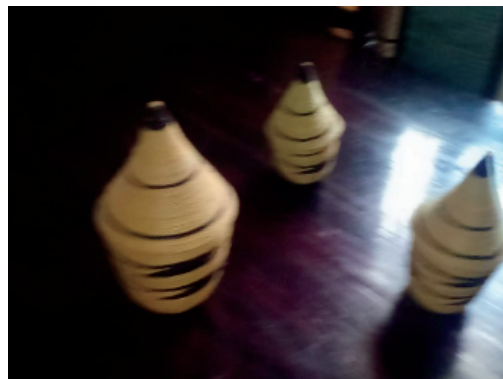

There is Revival for the gospel going on at church especially in young, we're doing outreach evangelism in the street, and the church is growing more many people understand the true gospel of Christ in Universities and house-to-house evangelism and the holy spirit is ministering into the people through deliverance and healing is taking place below are pictures.

Financial Prayer Requests. What specific needs do you have? We want to be able to share these with others.

I have a need of \$300 for the payment of my house rent at this time due to high inflation the standard of living is getting high here. I need your support for house rent payment at least and I trust God that one day this problem will be settled of all.

Anything else you would like us to know?

We need counseling training as I have reported in previous reports as I mentioned in the first paragraphs about the National Comprehensive Meeting for Child Education and the effect of the Internet world to their growth. Upon sharing the experiences, I have in counseling I asked if there are any recommendations on issues affecting young age from age 10 to 24 years. My recommendation as counselors in every school was to take in consideration that's why as GSM we need this training very urgently.

RWANDA

We want to thank so much GSM which buys these handcrafts products that are made by the widows, it helped them so much to help their families

gathered together and helped one of us Ruth Kabagwira. We gave her food as she was facing a hard situation.

we would like to appreciate all GSM staff for feeding.

God has done good to Annociata, She is among the widows we have been counseling for, praying and supporting for her to get rent, Now God answered her prayers one family gave her a plot where she can build a house to stay in. Another person allowed her to build a house for free but she needed support to buy materials like bricks, Iron sheets, doors, windows, and timbers and It cost \$500.

We thank GSM, for sending this money to build a house for Annoiciata. But we are now in a rainy season here, which makes it challenging to make bricks, but in mid-February, we normally have no rain, We will be able to make the bricks that will be used to build the house.

We thank GSM so much for supporting Umuhoza Francine by paying her health insurance, you Now she is a widow and has six kids as you can see in this picture, even she is still facing a problem paying school fees for her kids she needs support for the kids to go to school

RUGARAMA GSM CENTER HEADED BY PASTOR KARANGWA

DID THE FOLLOWING ACTIVITIES:

1. As Good Samaritans, they did compassionate activities to the Highly Vulnerable families (Poor Families).
2. With the help of Good Samaritans Head Office, we provide three goats to three vulnerable widows.
3. We continue making different art craft products.

First of all praise the Lord who gives us the ability and good health for doing different compassionate activities and we continue to thank Good Samaritan Head Office and Rugarama Good Samaritan members for all activities supporting different activities such as:

- paid two teachers in our school;
- providing small livestock for three vulnerable widows;
- Assisting us with different meetings and training
- Providing facilitation to the Director of Good Samaritan Rugarama Center
- providing Christmas support for better celebrating to the Good Samaritan Rugarama Members

1. Praise report, counseling story, or other story of healing:

Praise God for his mercies and grace for us, we had several counseling seasons and we prayed for healing over 24 of our clients got healed and I have another 8 who reconciled with their family members 2 divorced couples joined back together others were still taking them into process of reconciliation and healing, praise be to God for miracles and wonders and praise the Lord for the financial support for my house rent payment, Christmas gifts we share with members in groups of widows and kids plus the few families who had unstable situation that helped a lot and brought meaningful happiness and joy of charismas every one of us.

2. Personal & Relationship Prayer Requests:

End of last year and the beginning of 2024 I prayed for my spiritual life and understanding knowledge in counseling to grow strong and impact many for the kingdom's sake and again prayers for financial stability and my source of income to increase because the inflation is high the price of living is getting tough stand with me and I happened to participate in nation comprehensive meeting for children education after the meeting I found out that our young generation need more counselors especial into schools and indeed it was in our meeting recommends I believe God hear and answer prayers.

3. What is happening at your school? How many volunteers/teachers?

We have three teachers and no volunteers this time due to a hard time with the financial crisis.

Our memory book program is progressing well having a good time with a few kids and sharing the joyful moments at our nursery school during the Christmas season below is picture

TESTIMONY OF ABDOULAYE DIALLO

My name is Abdoulaye Diallo, I was born on the 7th of December, 2007 in Senegal but my parents originated from Guinea Conakry. I am the fourth in a family of six children, and in fact, I am the junior brother of Aissatou Korka Diallo (a graduate of GSM sewing school). We have the same story of a family background. My sister brought me to Good Samaritan Ministries to take up a course in computer training and to benefit from GSM programs in Senegal.

I accepted the offer and our parents were happy about it because I was just roaming the streets every day not knowing what to do with my life, in the process joined a bad gang and going to be a vagabond when the opportunity came for me to be trained in GSM computer school. Today, I am computer literate, and not only hope is restored in my life, but with my certificate, I have secured a job in a small enterprise to register everyday sales into the system. I thank God for Good Samaritan Ministries for being a blessing to me, I'm now a changed person responsible. More importantly, I have stopped smoking cigarettes and stuff, and I make it a duty to support my family every month from my salary. May God bless Good Samaritan Ministries!

- **Director's Comment:** Abdoulaye Diallo was a bandit when her sister introduced him to me. I not only allowed him to study, but I also had some counseling sessions with him because he is an early-stage smoker. And, before he graduated from computer school, he stopped smoking.

TESTIMONY OF AISSATOU K. DIALLO

My name is Aissatou Korka DIALLO, I was born on the 11th of November 2003 in Senegal but my parents originated from Guinea Conakry. I am second in a family of six, and my parents struggle to care for the family, which is the main reason why my father couldn't send anyone of us to school. The family comprises of 3 boys and 3 girls. I am attached to my mom and always at her service being the eldest daughter of the house. I help my mom with the house chores and petty stuff she sells in front of our house. Our tradition allows parents to give their daughters in marriage at the early age of 15 years, and my parents were already contemplating this if not for the intervention of my Aunty(my mom's kid sister) who suggested that I should be given a chance to have a handwork before going into a marriage. When I decided to be trained as a sewing mistress, I talked to a friend about it who introduced me to Good Samaritan Ministries, Senegal where she's been trained as well. I registered with the school and I found the atmosphere very conducive, the teachers are very kind and efficient, and the director is a real Samaritan. I have been trained for 2 years and I just graduated last October, but I'm not in search of a job yet as I have decided to remain in the ministry to help train other students. However, my parents have already accepted a marriage proposition from a family and soon I will get married. I want to express my gratitude to Good Samaritan Ministries for this opportunity, and the hope restored in my life. I'm happy for this training because I will no longer be a liability to my family and I will be a support to my husband when I get married. May God bless Good Samaritan Ministries!

Director's Comment: After the graduation ceremony, Aissatou K. Diallo's aunt approached me and expressed her heartfelt appreciation. She confided that if it weren't for the GSM in Senegal, her niece would have been forced into early marriage, leaving her with no hope of living a fulfilling life.

TESTIMONY OF MARIAMA TALL

My name is Mariama Tall, I was born on the 27th of February, 2002 in Senegal. I am the first child of my parents and they are both Senegalaise by origin. I came from a poor family of five children, my mom is a full housewife according to the Muslim rite, and my dad is the only one catering for the family, it's not easy for him because he doesn't have a stable job.

I dropped out of high school because my parents could no longer afford to pay the tuition fees. I couldn't find anything to do thereafter because everything is about money in Senegal and hope was lost until I met a teacher from Good Samaritan Ministries who happened to be a distant cousin, she talked to me about the ministry and also encouraged me to take up a sewing course. I broke the news to my parents, they accepted it and gave their blessing.

No sooner than I started, my parents accepted a marriage proposition from a family, and I got married in my first year of school and gave birth to a son in my second year. I graduated last October and my husband has been so supportive. I'm not in search of a job yet, I have decided to remain and work in the ministry in the meantime.

I thank God for being blessed by GSM, today I am a professional tailor, and I will be useful to myself, my family, my society, and support my husband. Initially, I took up this course because it has been my passion, perhaps the reason why I became the best student of this set. May God bless Good Samaritan Ministries!

Director's Comment:

Mariama is a very obedient student, humble and courageous. She got pregnant her first year in school and she attended classes until the week she delivered her baby. To crown it all, she is our best student this year.

TESTIMONY 1

My name is **Solomon Sullay Bangura**. I live at No 16 Mount Aureol Terrace. I am 40 years of age. My mother and father are Muslims. They always have disputes between them and eventually, they separated. At the time I was still in primary school. My gran mother brot me up. I attended the ST. Edwards Primary School and the Secondary School of the same ST. Edwards. It is a Catholic School. I am a member of Good Samaritan Ministries. There was a time when I stayed at the G.S.M Center for over three years. As a result, I was always present in the group meetings (prayer meetings, Group Therapy) and so on. I thank God for the work of G.S.M. and spiritual effect in my life.

TESTIMONY 2

My name is **Salamatu Kanu**. I live at No 2 Tintafor Road in the Masoila Section in Lungi. I am a widow and head of the Good Samaritan Ministries Widows Vegetable Garden project in Lungi. I live with my two children and four grandchildren. I have been in G.S.M since the year 2006. On behalf of all the women in the group, I say thank you to G.S.M in Beaverton, Oregon. For the support we have been getting. Seeds for planting in the gardens, garden tools, fertilizer, shovels and watering cans. When the vegetables are harvested we sell them in the market. The money and proceeds from the sales go to words our children's and grandchildren's schooling. And they get books, uniforms, shoes, pens and pencils. May God continue to bless you Mama Teresa the International Executive Director of G.S.M, Bethany the head of the Sierra Leone Satellite and the rest of the Satellite members. We send Merry Christmas greetings and a Happy New Year to you all.

TESTIMONY 3

My name is **Isatu Sesay**. I live at No 12 Bendu Road off College Road in Goderich west of Freetown. I live here with my children and grandchildren. My husband died in the year 2012. I am the head of the Good Samaritan Ministries Widow's vegetable garden project here in Goderich. The women send Christmas greetings to all in the G.S.M Beaverton office in Oregon. A Happy New Year to you in Jesus' name. We send our thanks and appreciation for the help and support we are getting. We use the funds we get to purchase fertilizer, seeds digging hoes, shovels, and matches. Funds from the sales of vegetables go to words the education of our children and grandchildren. We pray that God will continue to bless the work of G.S.M. May the New Year bring great blessing to the ministry.

TESTIMONY 4

My name is **Aminata Sesay**. I live at No 15 Campbell Town Road in Lumpa, Waterloo. I am 32 years old and I am a trader at the Campbell Town Market. I am the mother of Salamatu Sesay a pupil in class 6 in the Mabureh Primary School here in Lumpa, Waterloo. I say thanks to the Good Samaritan Ministries for the work they are doing in the Mabureh Primary School. I say thanks for the School feeding given to the children. The books, and the stationery (pens, pencils, A4 Papers) given to the school regularly.

2023 PARTNERSHIPS / FUNDRAISING PROJECTS OR EVENTS

- Christian Fellowship Ministry Church supports GSM help in need pr

NATIONAL/CENTER CHALLENGES DURING 2023

- Assisting Communities in Times of Need
 - In October, the village of Kid Village Makkaldeniya experienced severe rain and landslides, forcing residents to evacuate and seek shelter at a Government School. Although we lacked the necessary funds, our Center stepped up to the plate and provided meals for 300 people until the Government aid arrived. After three days, the officers expressed their gratitude for the assistance provided by the Samaritans.
 - Unfortunately, due to insufficient funds, we have had to temporarily suspend the operations of the Bandarawela Center. The ongoing expenses such as teacher salaries, electricity bills, telephone and water bills have continued to increase, making it challenging for us to sustain the center at this time.

UPCOMING PLANS FOR 2024

- Initiatives to Support Education and Alleviate Financial Hardship
 - Our goal is to continue providing free preschool education to deserving children. To achieve that, we need to ensure that there are enough desks and chairs available to support more students.
 - Due to bankruptcy in Sri Lanka, our people are struggling to make ends meet. Most villagers are finding it difficult to meet their daily needs. To tackle this issue, we plan to initiate income-generating activities.
 - To encourage children to attend school, we aim to provide them with school supplies.
 - Our team of Samaritans will go door-to-door and share the gospel with the community, distributing tracts in the process.

OUTSIDE FUNDRAISING SUPPORTING YOUR SATELLITE

- We do not have Satellite support, however we receive support from my friends through GSM USA.

SRI LANKA

“RUTH” AMUNUDOWA ROAD, BANDARWELA

PRAYER REQUESTS

- Pray for the needfull fund to get in order to cater according to the needs of the villagers
- Pray for our country finances! Due to our country bankruptcy, day to day goods have been very expensive also causing other challenges.
 - Thousands of well qualified teachers, doctors, and office servants are leaving the country
- Pray for the anti-christians who are trying to disturb ministry activities
- By January 2024 onward for all of the goods; electricity, gas, textile, telephone and cooking oil, motor fuel, and books are going to be taxed at 18%
 - most of the people are going to have a very difficult time finding their daily needs

TESTIMONIALS

- To qualify to enter the Government; school for grade one, one needs to know how to read and write, most poor parents are not in a position to give their children preschool education as they are not affordable due to their low income, but as we give them free pre-school education with the support of GSM most of the Kid Village children of Makkaldenyia qualify for the government and the school interviews. In the year 2024, 9 children got the chance to go to grade one class most of them are used to disqualifying. Their parents are very happy and thank us as Samaritans for doing the work that we are doing all on a donation basis for deserving children.
- After bankrupting the Sri Lankan government, the deserving children are not receiving anything free of charge from the government. as earlier therefore many school-going children are dropping out of school as they are unable to get the necessary textbooks as they are very expensive, but in our Kid Village, many children can continue to go to school as they receive the school supplies as donated gifts during Christmas time. Every December 25 by the grace of God these Samaritans help provide great blessings for the poor children for their better future.
- The help-in-need preschool in Makkaldeniya is an open door doe us to visit the children's homes and meet their adults and parents to find ways of sharing the Saving Knowledge of Jesus Christ while talking with them they used to ask why we do this type of of work, then we share the love of God as Jesus said love you, neighbor, as yourself, as the followers of Jesus Christ we do this type of work around the needs people to share the love of Jesus Christ. These Hindu villagers highly appreciate the Good Samaritans who kindly help and give thanks for the work we do and praside the Lord while doing it. Resulting of this village ministry in the moments to help families willing to know Jesus for them we give gospels tacts and after they accept Jesus as their personal savior and the Lord from all their sins will be saved, we do the follow-up work to extend the Kigdom of God!

NATIONAL/CENTER CHALLENGES DURING 2023

- A big challenge that has ben facing the ministry is to get an authorization of working all over the country. Currently we do not go beyond the region. There are fellows who are excitedly wants to establish centers at their places, but we can't join them til we are allowed to work in all the regions by the government.

UPCOMING PLANS FOR 2024/2025

- To capacitate 5 staff on level 3 Counseling courses and other spiritual trainings so that they can be more conversant or counseling people in different needs.
- Be able to reach at least 200 disabled people who can do small jobs, to empower them and provide them with some support so that they can afford making some ornamental things and sew things like carpets and other decorations so they can sell and generate income to support their families.
- Continue writing different developmental proposals that aimed at helping widows and orphans
- Start teaching counseling level one and have at least 4 youth seminar conference in year 2024

OUTSIDE FUNDRAISING SUPPORTING YOUR SATELLITE

TESTIMONIALS

We are incredibly grateful to God, the creator of heaven and earth, for giving us the ability to do this Samaritan mission and support a great number of people in need—widows, orphans, vulnerable individuals, and those with a variety of needs—by offering them Christian counseling as well as clothing, food, and other requirements. We are very grateful to the various Samaritans in the country and mostly Mama Teresa Stroup, who has been serving GSM Tanzania as our satellite leader during this period when we do not have a satellite spearhead, for giving us great cooperation and enabling us to get funds that have been used for paying office rent, to buy things (provisions) for sending to the people in serious need.

TESTIMONIALS

• KARAMOJA TESTIMONY

- With the hunger that has been raging in Karamoja, we thank God that the Samaritans got together and leased land for farming. There was communal farming, and this 2023 they shared with the most needy families when the first harvest happened. This acted as a model farm, plans are underway to get more farming and grow other types of food items. The orphans, widows, elderly, and all other Samaritans in Karamoha both Kiru and Abim Centers will benefit greatly from this project.

• GSM HOMECOMING 2023

- It was a miracle unfolding in our eyes as we got to see the reunion of the GSM family joining together in the space of three days, worshiping, playing, dancing, eating, and celebrating together at Good Samaritan Ministries Uganda. God has used GSM to reshape their lives and future. All the encouragement, support, and prayers gave them what they needed to thrive. Together we have taken on the role of continued parenting these old students by mentoring them. Children, we appreciate everyone, board, SM International, Uganda Satellite leader, and all the Samaritans for the great support you have offered and will continue to offer. Always remember to pray for them and with them.

• 2022 ACADEMIC EXCELLENCE

- Our students performed exceptionally well both in primary and high school. Good Samaritan High School was among the top performers at the district level. We are grateful for the prayers and effort of everyone. Sports like football and netball did an excellent job in the entire district. Indeed “education is the most powerful weapon which we can use to change the world” we have the opportunity to make a difference through our hard work and determination

We offer our greatest thanks for all you have given the Lord this past year! Please spread our gratitude and praise to all of the Samaritans who have served alongside you to support GSM in your country! Together on the road,

GSM REAL ESTATE WITHIN YOUR COUNTRY AND LOCATION

- Malombo Community School - still under construction
 - jointly owned office premises to serve Zambia and GSM

2023 PARTNERSHIPS / FUNDRAISING PROJECTS OR EVENTS

- Kalumbila Mines partners with GSM to build another 3 x 1 classroom block for Malombo
- renovations were done on a poultry house which had no proper floors, windows, doors, or door frames. But right now all has been done and both the inside and out have been painted changing it into a decent classroom.

NATIONAL/CENTER CHALLENGES DURING 2023

- Court case for Lusaka school - Kazembe and Ndola GSM centers report directly to the international office
- Kazembe - surely there are some changes. We have no computer lessons in school, but at the moment it has become a compulsory lesson for our students.
 - The challenge is how to access enough computers in school and train teachers to teach computer lessons.
 - Furthermore, this year there is a big challenge in the curriculum. Instead of regular lessons in school, there will be more skills lessons e.g. carpentry, tailoring, needlework, home craft, etc.
 - We need to find relevant teachers for these skills. We need your prayers.

KEY PEOPLE AT YOUR CENTER & THEIR RESPONSIBILITY

- Lois McMillian and Deanna Weaver remain our key prayer partners. Lois and I meet weekly for time of prayer, updates and encouragement.

PRAYER REPORT: FREQUENCY, ATTENDEANCE, OR BREAKTHROUGHS?

- Weekly meeting. Regular evidence of God's sovereignty and intimate involvement in our lives and those of our clients.

PRAYER REQUESTS GOING INTO 2024

- God's protection and provision for the maintenance of our sacred office space, so that we can continue to meet and offer prayer and counseling. Preparation of a heart ready for what God has planned. Development of wisdom and physical strength for Ruthann as she steps into her identity as a Counselor. Blessing and favor upon Marian, who has determined to step away from GSM to focus on GriefShare ministry. God selected holy appointments with those seeking support. Peace and wisdom as we each stick to our assignments and stand ready, hands open.

2023 REGIONAL OR NATIONAL TRAININGS

- Spring Intensive Training in Beaverton, OR
- Intensive Training in Tri Cities, OR

2023 TRAVEL SUMMARY

- Director visits to Beaverton, Vancouver, Walla Walla, & Tri-Cities centers.

UPCOMING PLANS FOR 2024

- If you visualize me with my shoulders shrugged and hands open you may see a woman without a clue. Uncertain and baffled. And that is exactly how I felt as I pondered this question. I have no clear vision. Initially, this was bothersome. However, God has assured me that in this position of hands open, and still standing, He would carry the burden of our community's future. At that, my shoulders fell to a place of rest and peace. Hands still reached daily to offer my life to his call. And rather than look to my peers and co-servants with uncertainty, I look to my Lord with trust. I can say, I don't have a vision as I have in the past. And it's okay.

TRAINING PROGRAMS OFFERED: LOCATION, ATTENDEES & PURPOSE

- We are doing work Debbie & I individually, we give, April still helps families in our Community, with clothes, food, and household items. Kerry Ann has given kids camps with horses and lessons to the needy children of our community to help them have goals and passions, she has moved in several younger women to mentor, and with her busy schedule, she helps many. Debbie has driven, read, and mentored many addicts this year taking them to treatment and appointments. She gives everywhere she goes. She is a light to our ministry. I LAURA MITCHELL SWEITZ, BUILT A RETREACENTER BASED ON CHRIST, A TESTIMONY OF JESUS'S GREATNESS AND THE ABILITY TO SHARE WITH OTHERS. We have TAKEN MEAT AND FOOD TO MANY NEEDY PEOPLE, GIVEN RIDES TO APPOINTMENTS, AND HELPED WHERE NEEDED.
- I LAURA AND FAMILY HAVE BUILT IN 2 YEARS A RETREAT PLACE FOR HEALING, JESUS CHRIST'S TESTIMONY THAT NOTHING IS IMPOSSIBLE. WE HAVE TAKEN MEALS, MEAT, HOUSEHOLD ITEMS, AND CLOTHING TO THE NEEDY OF OUR COMMUNITY.
- WE ALL GIVE EVERY DAY AND SPEAK OF GOOD SAMARITAN MINISTRIES AND THE LOVE OF CHRIST.
- WE INDIVIDUALLY DO WHAT WE CAN, THERE IS NO CENTER, WE DO THE MOST WE CAN, WE ALL WORK AND DO OUR BEST TO SERVE WHERE NEEDED.

2024 PRAYER REQUESTS

- Would like to see baptisms, weddings, and teachings in the new retreat center. We just finished in August. The families have been blessed.

2024 PLANS

- passing along the retreat center and using it for GSM

SATELLITE UPDATES

- In 2023 we had 22 guests visit NOH, and 6 volunteers assisted with many of the 84 sessions. In addition to the sessions we also did art sessions, some camping, and exploring the area. The guests' ages ranged from 8 to 60 years old. We also taught garden skills and rabbit meat processing to several guests. It was wonderful to have our volunteers!

PRAYER REQUESTS GOING INTO 2024

- Hopefully the drought is over and raising hay will be more successful and outside hay prices will go down.

TESTIMONIALS

- We first met Deeanna in mid-May 2023, when my 12-year-old grandson was sent to me after a traumatic incident at school and his then-guardians could no longer cope. The equine therapy reached him right away and we spent 2 days a week @ 2 hours each on her farm with the horses during the summer. He calls it his 'happy place'. It centered him and it has been a very enriching and fulfilling time for him as he finds his way in a new state, new school, and new living environment. Deeanna also used art therapy with him, but the greatest gift is working alongside of her with the horses and being on the farm. He said 'she makes kids happy'.

TESTIMONIALS

By way of a testimony: We had a father come in as a referral from one of my clients. Their 14-year-old daughter was oppositional and defiant and was listening to an aunt who wanted her to leave the family and come live with her. Her two brothers, 16 and 8, were quiet and withdrawn and angry. The parents came to us to help them figure out what to do and give them tools to help fix it. Rebekah assigned Tina as the primary counselor. She saw most of the other family members individually and then once a week Tina and Rebekah did counseling with the whole family together. In the beginning, the mom did exactly the opposite of what Rebekah counseled. As a result, the aunt got physical custody of the 14-year-old and hired an attorney to try to get legal custody.

When the parents hired an attorney to fight the aunt, I told Tina to tell the parents to tell the attorney that we were lay Christian Counselors, not licensed professional counselors. The attorney then recommended that they hire a licensed professional counselor for purposes of the upcoming trial. The parents did that, however, they also kept coming to see Tina and Rebekah. Early on the attorney for the parents asked Rebekah for an assessment of the problems and evaluation. Later she also asked for Tina's assessment even though she thought that she would not be calling them as expert witnesses in the trial.

As a pretrial move, in an attempt to bolster her case against the parents, the attorney for the aunt requested a psych evaluation from a psychiatrist who specialized in such things. The aunt had also taken the girl to multiple counselors. Interestingly, when the parent's attorney received the results of the evaluation it matched exactly with the diagnosis that Tina and Rebekah had given. The attorney and the evaluator told the parents that they had never seen lay counselors who were as skilled and that their recommendation was to continue with GSM because that was where they were going to get the help and healing that they needed.

The attorney now wants Rebekah to be the key witness because her recommendations and diagnosis are the only ones that have lined up with the psych evaluation. All the other "professional" counselors whom the aunt has taken the 14-year-old to see and the professional that the parents had hired, didn't agree with each other or the evaluation. So the first person to see her, Rebekah, agreed with the last person to see her, the psychiatrist. We praise The Great Counselor for His wisdom and for showing us through His spirit, how to handle this case.

As a footnote. The mother recently completed our Captivating class and is planning to take Counselor Training when it starts next week. The legal issues are ongoing.
